Unhatched 4

Unhatched is a six-piece series of scientific illustrations on textured paper that reference the style of F.O. Morris's 19th century work. In Unhatched 4, two bird eggs are beautifully set against an antique white background. Dark brown and gray speckles give splashes of color against bodies of vanilla and stone. Along the outer edges, subtle shading adds a sense of depth and dimensionality. Part of the carefully curated ART by TA Collection, Unhatched 4 is an exquisite work of art on textured paper.
