

CARE INSTRUCTIONS FOR CUSTOM FINISH

Here are some suggestions from our finishing dept.

CLEAN WITH ANYTHING THAT IS A MILD HOUSHOLD CLEANER.

YOU SHOULD ALWAYS USE PLACE MATS, TABLECLOTHS OR SOMETHING BETWEEN THE FINISH AND THE ABRASIVE ITEM BEING PLACED ON THE SURFACE.

FURNITURE POLISH WITHOUT SILICONE (GUARDSMAN) WILL HELP WITH LIGHT SURFACE

SCRATCHES AND WILL PROVIDE SOME EXTRA PROTECTION FROM SCRATCHES.

ALWAYS USE A SOFT WHITE CLOTH.

IT IS IMPORTANT TO PROTECT THE FINISH FROM HOT AND COLD ITEMS AND NOT PLACE THEM IN THE SAME SPOT ON THE TABLE TOP.
