Installation Instructions

1. Loosen the set screw to adjust the suspension cable to the desired height, then tighten the screw to secure it. Slide the cable gripper (figure-8 fastener) up to the bottom of the canopy.
2. Secure the mounting bracket to the junction box using the provided screws.
3. Connect the live/neutral wires and ground wire of the fixture to the live/neutral wires and ground wire from the ceiling using the wire connectors accordingly.
4. Align the canopy with the mounting bracket and secure it in place using screws.
- 5-6. Install the metal shade onto the fixture body, then secure it with the acrylic diffuser (lens) by twisting it into place.
7. Turn on the power and check that the fixture operates properly.

Note: please use this product accordingly to its intended purpose, do not retrofit or remodeling the product. The warranty does not cover if the failure is caused by the third party product, or natural disasters.
