Inspired by mid-century modern design, the clean lines of this chair make it an easy fit at a dining table, but it's also a perfect piece to have on hand for extra seating. The chair's back and seat feature a resin wicker woven to mimic natural cane webbing that's complemented by either a Midnight- or Chalk-finish frame. This chair partners easily with Summer Classics Havana collection or Brookings dining tables, and it's a natural paired with bistro-style tables.
