

**BACKSPLASH TILES 12"x 3"**  
**TILE WARRANTY**

**CONTEMPO CONCRETE** commits to providing customers with Grade 1, First-Quality cast stone and precast veneer panels, tiles, GFRC bricks, and veneer panels that meet or exceed ASTM C1116/C1116M -10a(2015) for GFRC (Glass Fiber Reinforced Concrete).

If any Contempo Concrete product is proven to contain a manufacturing defect, Contempo Concrete will provide full replacement of the product, of same or comparable type and color. Contempo Concrete must be notified with any manufacturing defect claims as soon as possible after purchase, but no later than one year after purchase. No claims will be accepted for GFRC tiles already installed.

Contemp Concrete ensures that dye lots will be consistent within each order, but can not guarantee matching dye lots over multiple orders.

Contempo Concrete makes no guarantee in relation to installation, including, but not limited to: suitability of a tile for a particular use, wear and tear due to improper installation, and any other defects caused by improper installation procedures.

Installation costs of any kind are not covered by this agreement. Contempo Concrete specifically excludes liability for consequential or incidental damages, except where exclusion of consequential damage is not permitted by state law.

This limited warranty shall constitute the full extent of Contempo Concrete's liability and is in place of all other warranties, express or implied.
