

Table Lamp Assembly Instructions

IMPORTANT SAFETY INSTRUCTIONS:

- These instructions are provided for your safety. It is very important that they are read carefully and completely before beginning the assembly and installation of this lighting fixture.
- This portable luminaire has a polarized plug (one blade is wider than the other) as a safety feature to reduce the risk of electric shock. This plug will fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Never use with an extension cord unless plug can be fully inserted. Do not alter the plug. Do not attempt to defeat this safety feature.
- This fixture has been rated for up to one (1) **60-watt maximum TYPE A standard incandescent light bulb (not included) or one (1) 13-watt compact fluorescent light bulb (not included) or (1) 9-watt LED light bulb**(not included). To avoid the risk of fire, do not exceed the recommended lamp wattage.
- This lamp is meant for indoor use.

STRANGULATION HAZARD: If corded, keep cord out of reach of infants and children.

WARNING:

- To reduce the risk of fire, electrical shock or personal injury, always turn off and unplug the light fixture and allow it to cool prior to replacing the light bulb.
- Do not touch bulb when fixture is turned on. Do not look directly at lit bulb.

PRE-ASSEMBLY:

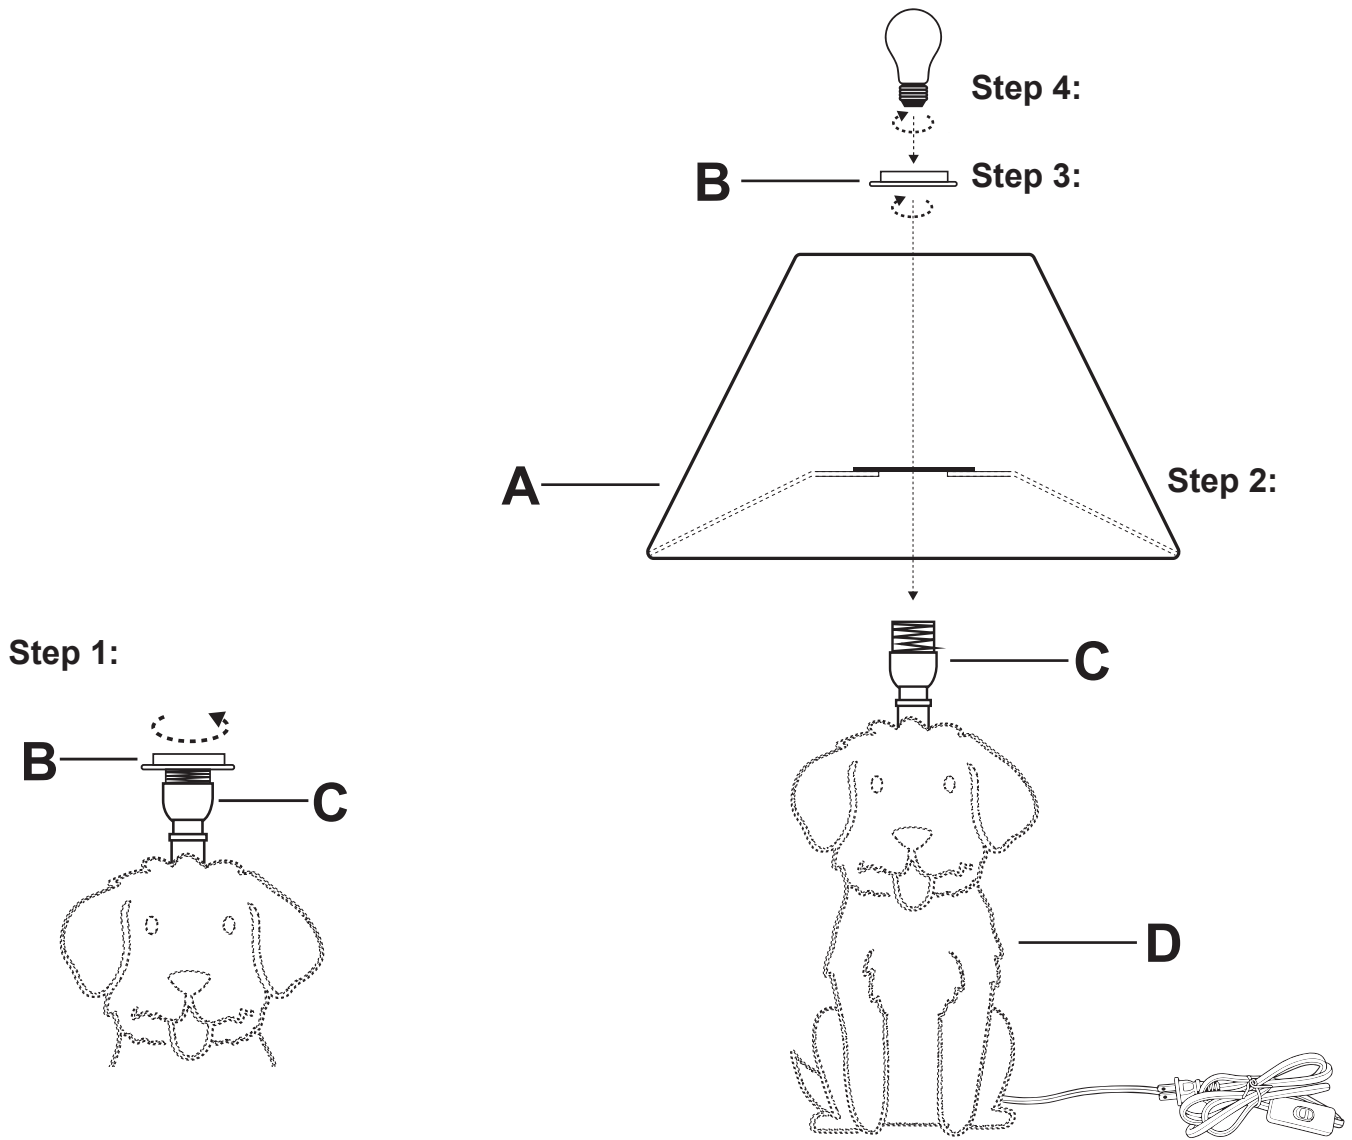

- Remove all parts and hardware from box along with any plastic protective packaging.
- Do not discard any contents until after assembly is complete to avoid accidentally discarding small parts or hardware.

CLEANING AND CARE:

Clean surfaces with a dry or damp soft cloth. Do not use abrasive cleaners.

Parts Included:

- (A) Lampshade(1)
- (B) Socket Ring (1)
- (C) Socket (1)
- (D) Lamp Base (1)

To Assemble:

Step 1: Unscrew the Socket Ring (B) counterclockwise from the Socket (C).

Step 2: Lower the Lampshade (A) down onto the threaded Socket (C) located at the top of the Lamp Base (D). Ensure the center ring of the shade's internal wire spider sits flat over the threaded portion of the socket.

Step 3: Secure the Socket Ring (B) clockwise onto the threaded Socket (C). Tighten it down firmly to sandwich the lampshade frame securely in place.

Step 4: Screw one (1) 60-watt maximum TYPE A standard incandescent light bulb (not included), or one (1) 13-watt compact fluorescent light bulb (not included), or one (1) 9-watt LED light bulb (not included) into the Socket (C). **DO NOT EXCEED THE SPECIFIED WATTAGE.**

Step 5: Plug the fixture into a proper electrical outlet and test the fixture.

Step 6: Assembly is complete.
