● Read instructions, cover to cover-

● Assembly by one adult-

● Do not assemble on flooring or carpet-

● Assembly on a clean non-marring surface (packing foam)-

● Save all packaging until finished-

Assembly Steps

Overview

This Counter Stool has multiple parts and may require up to 30 minutes to assemble. To give you an overview of the Counter Stool parts, the above picture is to help you put the various parts into perspective. Please read through the instructions below to familiarze yourself with the parts and steps before assembly.

Step 1

Unpack and place all parts on a clean, non-marring surface.

Step 2

1. Backrest (1): Flip over the backrest bottom panel, then align and insert its dowels into the matching holes on the backrest bar.
2. 2. Insert CB Screw (E) with a Phillips screwdriver (not included) and tighten securely.

Assembly Steps

Step 3

D	B
	
2 pcs	4 pcs
C	H
	
4 pcs	1 pc

1. Insert the Wood Dowel (D) into the Side Frame (3).
2. Attach the Side Frame (3) to the Front Leg Frame (2). Insert the JCBC Bolt (B) and Spring Washer (C). Tighten the bolts securely with the Allen Wrench (H)

Step 4

A	C
	
4 pcs	4 pcs
	H
	
	1 pc

1. Attach the Side Stretcher (4) to the Backrest (1).
2. Attach the Leg Frame assembly to the Backrest (1) . Insert the JCBC Bolt (A) and Spring Washer (C), then tighten securely with the Allen Wrench (H)

Step 5

G

2 pcs

1. Turn the stool right-side up, then place the Center Support Rail (5) on the Side Frame (3). Insert the CB Screw (G) with a Phillips screwdriver (not included) and tighten securely.

Step 6

1. Insert the CB Screw (F) into the Side Stretcher (4) with a Phillips screwdriver (not included) and tighten securely.
2. Install the Cushion Seat (6). Insert the CB Screw (E) with a Phillips screwdriver (not included) and tighten securely.

Step 7

Final Assembly & Safety Check

Turn the Counter stool right side up and place it on a level surface.

Inspect the Counter stool to ensure all parts are properly connected.

Sit gently on the Counter stool to help align all joints and connections.

Step off the Counter stool and, in a sequential manner, proceed to tighten all bolts.

You may need to turn the Counter stool to access certain bolt points, always turn it carefully and in a synchronized manner with assistance if needed.

Caution 1: Tighten all bolts gradually and sequentially.

Do not fully tighten one bolt before moving to the next, as this may cause the frame to warp. If the stool still wobbles, loosen the bolts slightly and repeat the tightening process.

Warning: If the Counter stool is not stable, this may lead to product damage.
Always ensure all bolts are securely locked into position before use.

The Counter stool is now ready for use.

This stool must only be used on a flat, level surface.

Questions & Answers about Proposition 65

- What is Proposition 65?

Proposition 65 requires businesses to provide warnings to Californians about significant exposures to chemicals that cause cancer, birth defects or other reproductive harm. These chemicals can be in the products that Californians purchase, in their homes or workplaces, or that are released into the environment. By requiring that this information be provided, Proposition 65 enables Californians to make informed decisions about their exposures to these chemicals. Proposition 65 also prohibits California businesses from knowingly discharging significant amounts of listed chemicals into sources of drinking water.

Proposition 65 requires California to publish a list of chemicals known to cause cancer, birth defects or other reproductive harm. This list, which must be updated at least once a year, has grown to include approximately 900 chemicals since it was first published in 1987.

- What types of chemicals are on the Proposition 65 list?

The list contains a wide range of naturally occurring and synthetic chemicals that include additives or ingredients in pesticides, common household products, food, drugs, dyes, or solvents. Listed chemicals may also be used in manufacturing and construction, or they may be byproducts of chemical processes, such as motor vehicle exhaust.

- What does a warning mean?

If a warning is placed on a product label or posted or distributed at a workplace, a business, or in rental housing, the business issuing the warning is aware or believes that it is exposing individuals to one or more listed chemicals. By law, a warning must be given for listed chemicals unless the exposure is low enough to pose no significant risk of cancer or is significantly below levels observed to cause birth defects or other reproductive harm.

- Where can I get more information on Proposition 65?

If you have specific questions on the administration or implementation of Proposition 65, you can contact OEHHA's Proposition 65 program at 65.

Questions@oehha.ca.gov, or by phone at (916) 445-6900.
