W 26.5in D 26.5in H 28.75in

A sophisticated yet organic iteration of an antique stone-based table, this design combines a faux limestone pedestal with a solid ash plank top. An octagonal base plate rests on flattened bun feet, adding both height and personality to this versatile table. Base available in Campagne finish only as shown. The top and base are part of our Personal Preference Dining Table program which allows you to select from a variety of tops and bases to create a custom table for your home.
