

Installation steps:

1. Pass the wire through the hole in the ceiling pan
2. After the wire passes through the ceiling plate, let the wire pass through the "8" button (anti pulling effect)
3. Lock the wire with the plastic screw on the accessory package
4. Fix the hanging plate to the junction box with the screws on the accessory package
5. Connect the main line on the ceiling plate with the wire reserved on the ceiling with the wiring cap
6. Put the top plate on the hanging plate (align the hanging plate hole with the top plate hole)
7. Screw the screw into the hanging plate (without a screwdriver)
8. Twist the bulb to the lamp holder
9. Twist the lamp cover into the lamp cap

Attention:

1. Please cut off the power supply before installation to prevent electric shock (installation by certified electrician is recommended)
2. Due to the different display, the actual color can be different from the image
3. Due to the manual measurement of lamp body size, there may be a deviation of 1 / 2 inch
4. If you have any questions or lost parts, please feel free to contact us and we will try our best to help you
