- 1、 Please check all items against the product list to ensure nothing is missing. Contact us at any time if any parts are not included.
- 2、 Before installation, place the packing foam from the box or prepare a thick cushion on the floor to protect the mirrored surface from scratches.

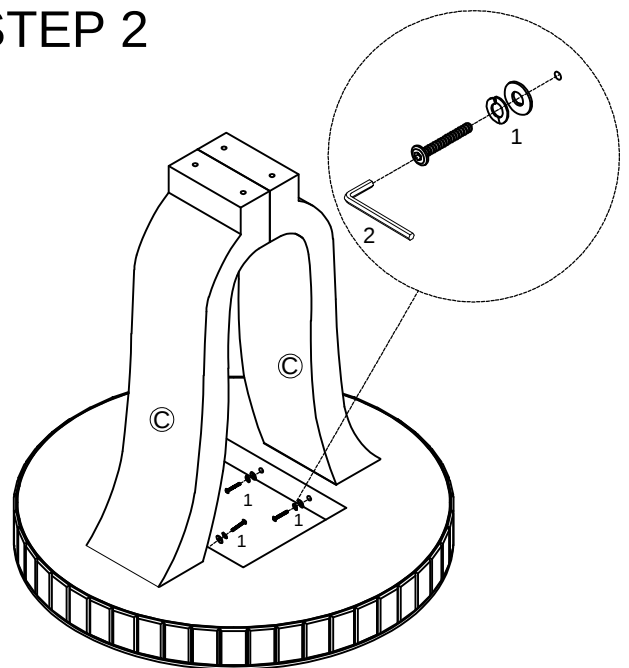

STEP 1

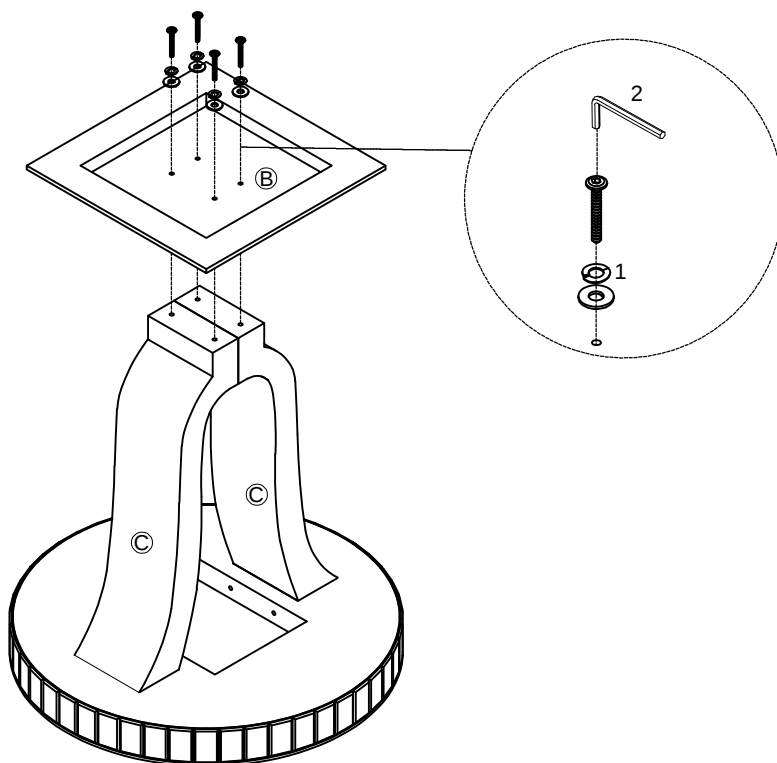

Place EPS or blankets underneath the product to prevent damage to the mirror surface

Two people work together to lift the top and slowly flip it over

STEP 2

STEP 3

1. Insert all handle bolts first, then tighten with the Allen wrench. Don't fully tighten any one bolt until all are started.
2. Don't tighten bolts one by one — this can misalign holes and the remaining screws won't fit.

STEP 4
