

Installation Instructions

Please follow the steps ①②③ in the diagram to carry out the installation.

- ① Assemble the lamp post, attach it to the base
- ② Fit the lampshade and secure it in place
- ③ Screw in the bulb, installation complete

Important Notes

- 1. Disconnect the power supply before installation.
- 2. Use only light bulbs within the rated power range.
- 3. Do not modify the wiring yourself.
- 4. Place on a level surface to prevent it from tipping over.
- 5. Do not wipe with corrosive chemicals.
