# PRODUCT DESCRIPTION

Sturdy splayed-leg design. The outward-flared solid wood legs create a wide support base, which, combined with the product's low center of gravity, ensures excellent stability and tip-over safety at any recline angle.

Solid wood and metal composite frame with solid wood legs. The main structure features a sturdy combination of solid wood and metal, ensuring overall stability and strong load-bearing capacity.

The two-section backrest effectively supports the shoulders and head, enhancing the sense of security and depth of relaxation when reclining.

The deepened seat cushion provides ample support for the legs, together creating a comfortable posture that follows the body's natural curves.

Natural linen-cotton fabric. The material is skin-friendly and highly breathable. Adding a natural, rustic home ambiance that is easy to maintain.

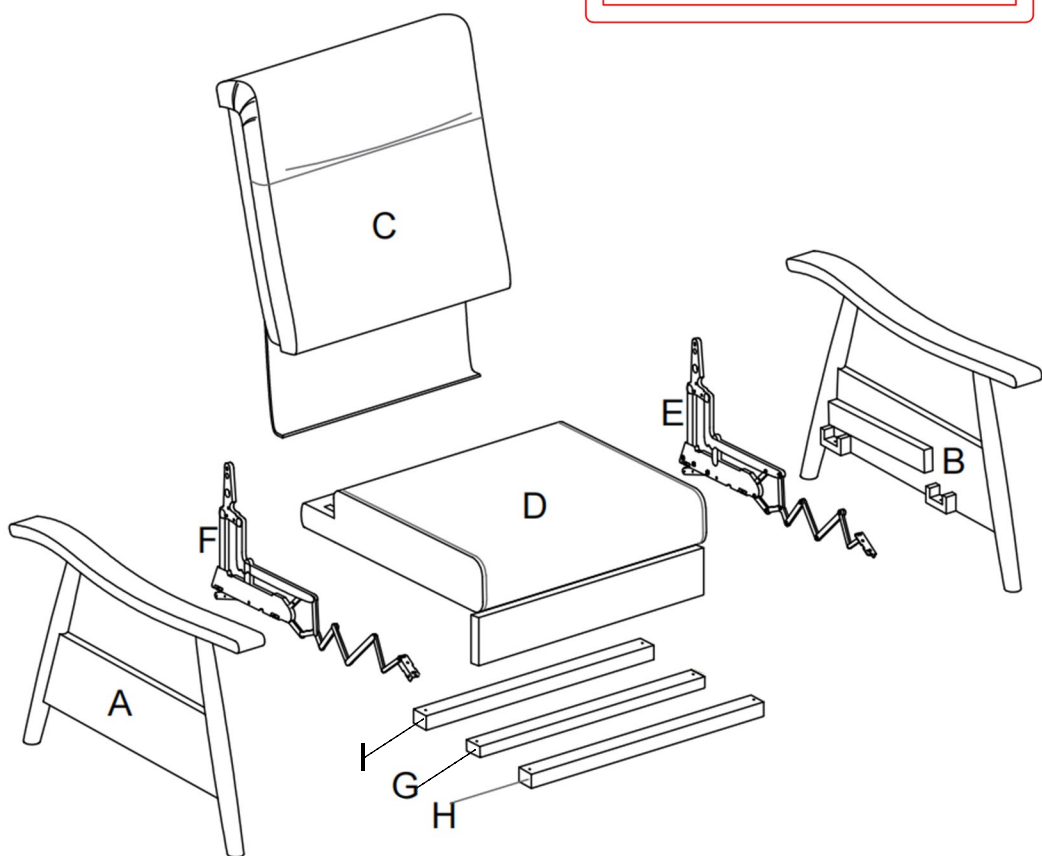

No-handle Weight-Activated 3-Position Recline (Backrest + Ottoman). Utilizes an innovative weight-sensing mechanism. By simply leaning back, the user activates the linked recline of the backrest and ottoman extension, effortlessly achieving three positions from upright to near full recline with highly intuitive and smooth operation.

Please make sure all hardware&packing material fitting the list.  
Especially some small accessories may be missing during  
transportation. Please contact us if you have any question.

# step 1 ---Install the support bar (H&G&I)

Use bolts (1&2) and Flat washer (5) to attach Support bar (H&G&I) to Armrest (A&B), make sure all holes aligned, tighten it with Allen key (6).

## Notice:

We suggest tightening the bolts for 30-50% first, make sure the process is correct and bolt holes are aligned, then fully tightening them all.

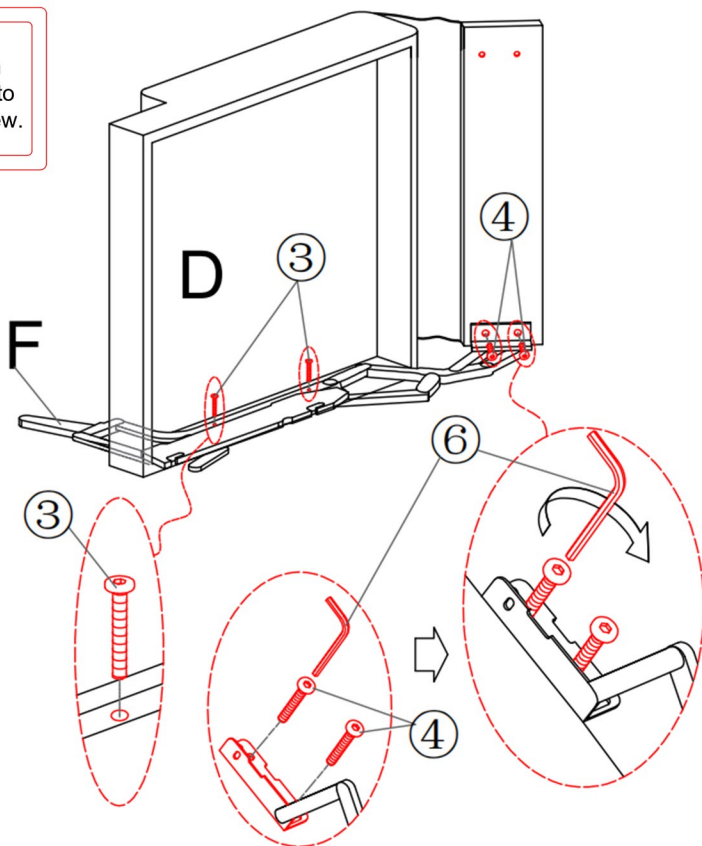

## step 2 ---Install Chair metal functional support (F)

1. Use bolts (3) to attach Chair metal functional support (F) to Seat frame (D), make sure all holes aligned, tighten it with Allen key (6).

2. Use bolts (4) to attach Chair metal functional support (F) to Chair footrest (D) (D), make sure all holes aligned, tighten it with Allen key (6).

After screwing in the screw, push the metal frame firmly backward to its limit, then fully tighten the screw.

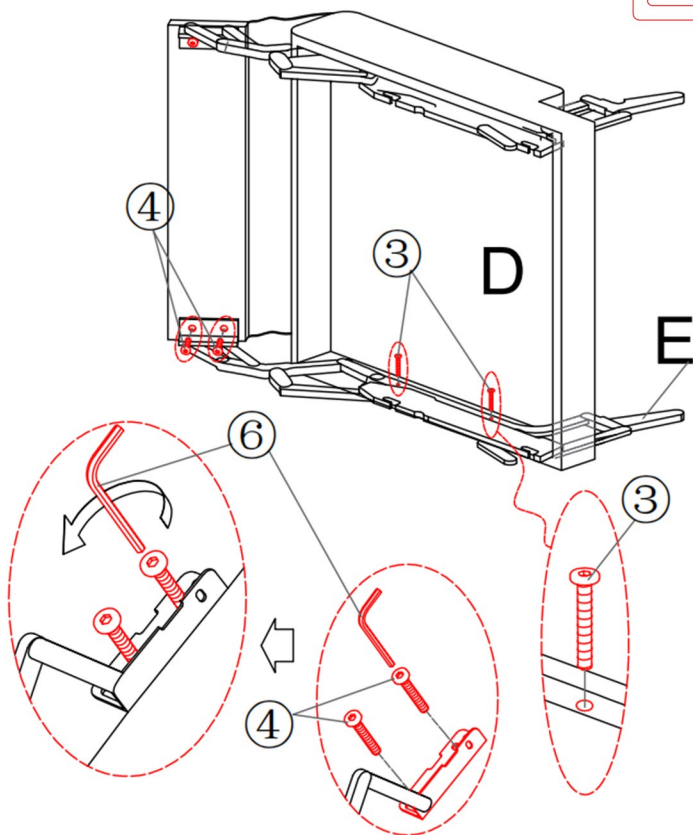

# step 3 ---Install Chair metal functional support (E)

1. Use bolts (3) to attach Chair metal functional support (E) to Seat frame (D), make sure all holes aligned, tighten it with Allen key (6).

2. Use bolts (4) to attach Chair metal functional support (E) to Chair footrest (D), make sure all holes aligned, tighten it with Allen key (6).

After screwing in the screw, push the metal frame firmly backward to its limit, then fully tighten the screw.

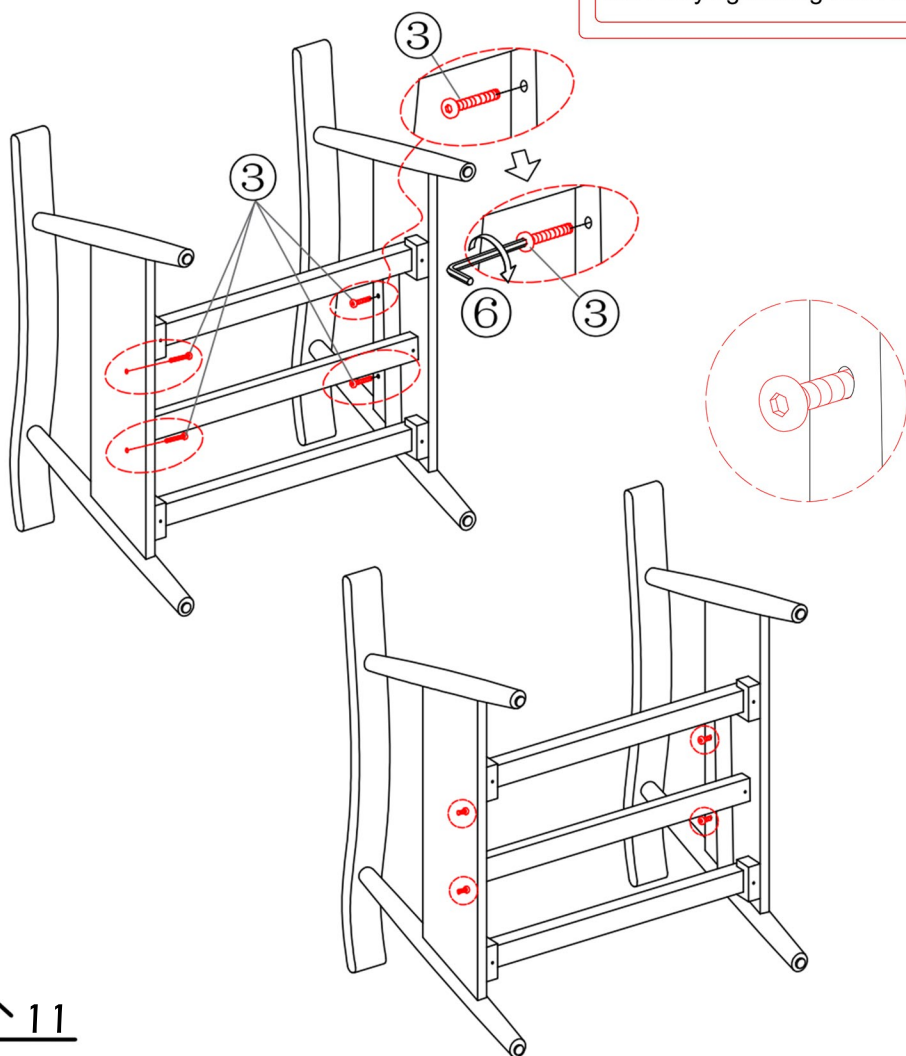

# step 4 ---Pre-installed Bolts (3)

According to the identification, twist in all the bolts (3) for about 1/3 of their length.

## Notice:

We suggest tightening the bolts for 30-50% first, make sure the process is correct and bolt holes are aligned, then fully tightening them all.

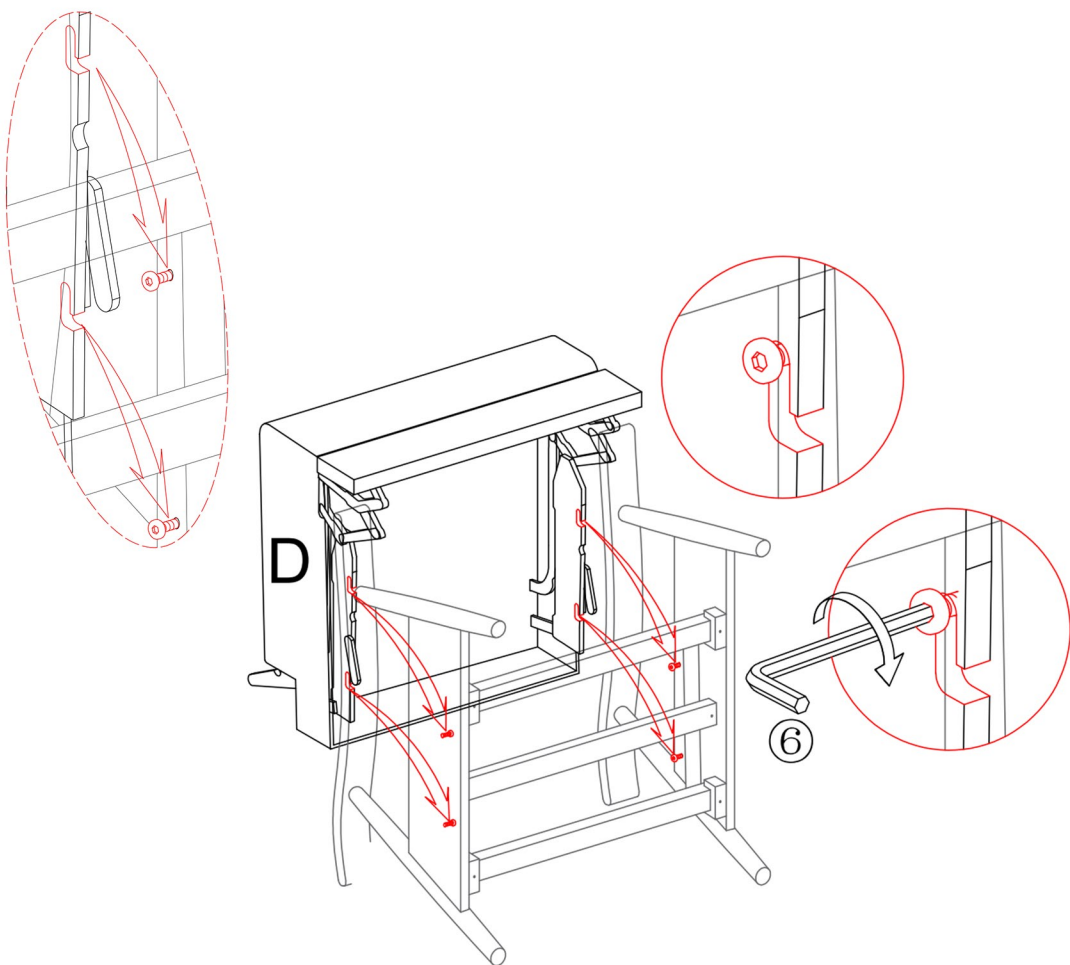

# step 5 ---Install the Seat frame (D)

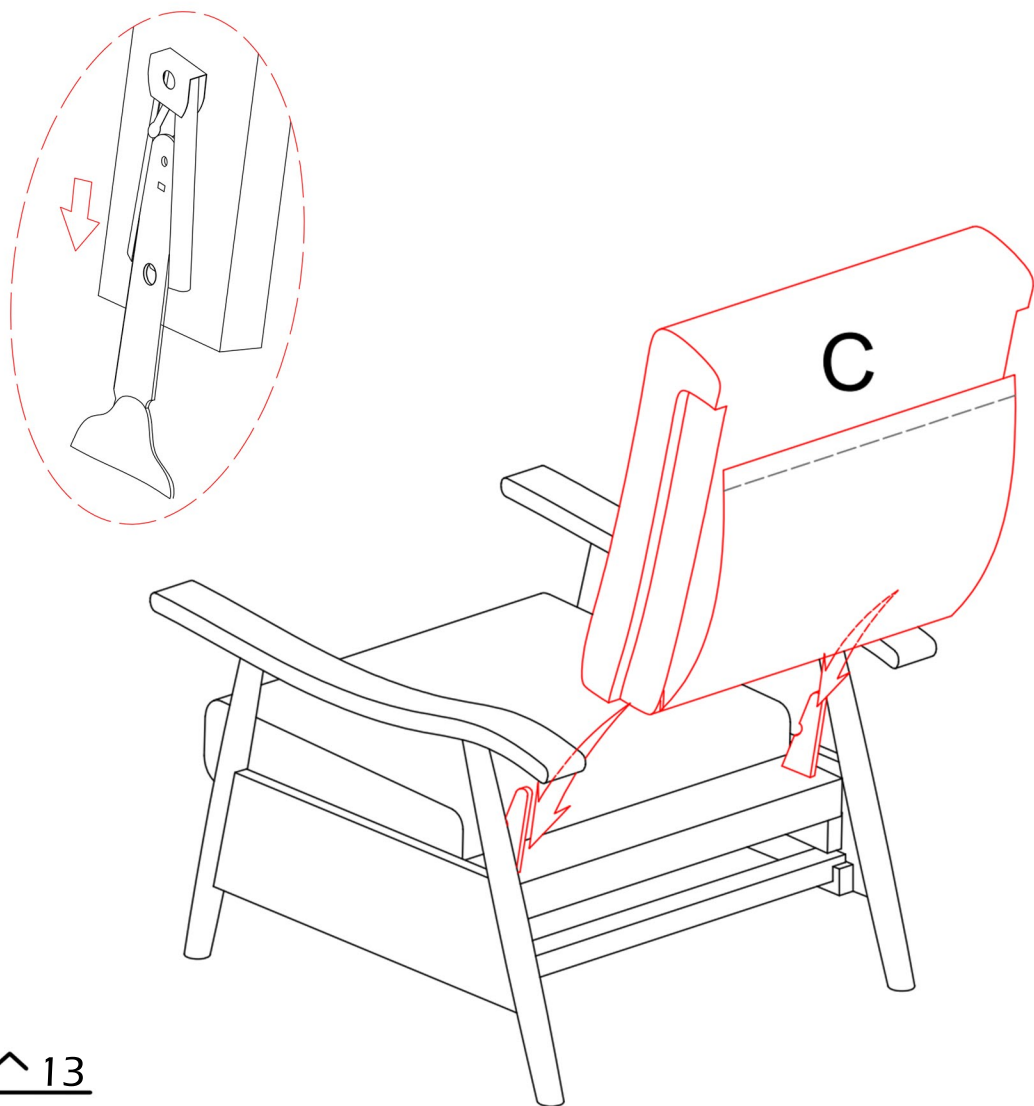

Attach the groove on the bottom frame of the seat to the screw as shown.

Use Allen key (6) to tighten bolts (3).

## step 6 ---Install the Backrest (C)

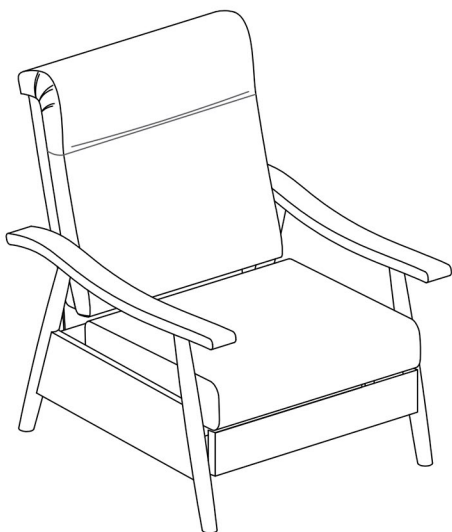

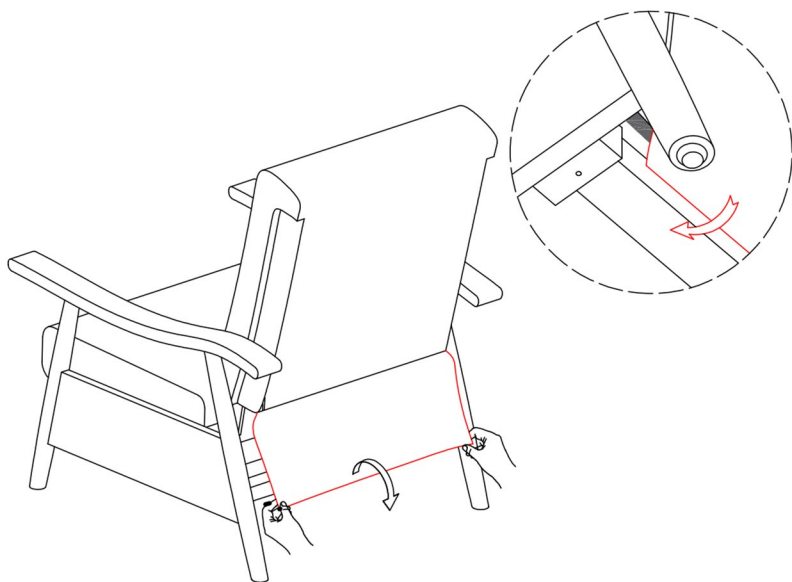

Hold the Backrest (C) and uncover the back cloth, align the metal connectors of the inner Backrest (C) with the tip part of the functional rack on the seat frame, and push down hard until they interlocked completely.

# step 7 ---Stick the Velcro

Uncover the Velcro strip cover on the bottom of the back cloth, and stick the Velcro to the bottom of the back panel.

Place the chair properly and tidy it up to make it look nice.  
Assembly is complete. Thank you for choosing our product!  
Please enjoy!
