

Smart Wi-Fi LED Light Bulb User Manual

Model NO: ASHLB65F

Connect Device to Application

- The smart home device only supports 2.4Ghz frequency. If your router supports both the 2.4Ghz and 5Ghz frequency, the 5G network is usually labeled as "Router-5G" so please connect to the other one.
- Each smart home device can only be registered to one account but it can be shared with others by using the sharing function of the app.

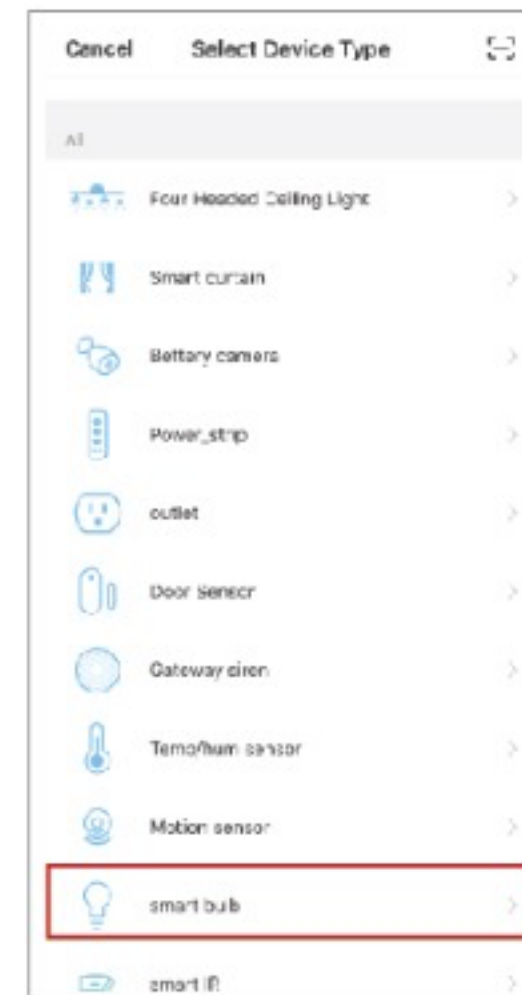

1. Download the free eco4life app from the Apple App store or Google Play store

2. Follow the on screen instructions to create account for eco4life

3. Plug in the Smart Wifi Light Bulb to a light fixture

4. Press the "+" icon in the top right corner of the app

5. Press the "Smart Bulb" icon from the list

6. Follow the instructions in the app to connect the device
