

## AFTERSALE SERVICE

Dear customer,

Thank you so much for purchasing the product from us, we really appreciate your support.

We are aimed to provide the best shopping experience to our customers. We also want to build a mutually beneficial relationship with our customers, and step further to make our brand both reliable, responsible and recommendable.

We hope that our products could meet your needs and expectations, please consider us again if you need more products for your home and kitchen.

The package would be out of our control during shipping, please contact us through your purchasing channel directly if there is anything wrong with the box or contents. We are always here offering you our service.

We will reply your messages within 24 hours, please kindly wait for the response from our professional service team.

Your comfort and contentment are of utmost importance.

Best Regards,  
Customer Care Specialist

## ASSEMBLY INSTRUCTION

Please check all parts and accessories according to the parts list before assembling, make sure all contents are sufficient and in good condition.

If there is any parts missing or defective, please contact us immediately with purchase platform message to get replacement parts.

## PARTS:

## HOW TO INSTALL

### NOTICE:

1. Use electric drill for better installation experience.
2. Please pay attention to the direction of the baffle (the top and bottom are the same, the left and right are opposite.)
3. Do not tighten the screws until all of them are in right position.
4. There's a corresponding L and R mark on each part located in a specified spot designed to distinguish them from each other easily.

### Step 1

Install part ⑤ & ⑥ & ⑦ on part ①, use part ② to screw them.

**Notice:** Make sure the specific side of part ⑤ & ⑥ faces backwards.

## Step 2

Connect part ⑤ & ⑥ with part ⑧, use part ② to screw them.

### NOTICE:

Make sure the side with 2 dent holes of part ⑧ faces upwards.

## Step 3

Install part ② on part ⑤, part ③ on part ⑥, use part ④ and part ⑤ to fix them.

**Notice:** Make sure the specific side of part ② & ③ faces backwards.

### NOTICE:

Please fix nut with wrench and tighten it with hex screwdriver.

**Step 4** Install part **E** on part **2** and part **3**.

**Step 5** Install part **4** on part **8**, use part **B** to screw them.

## Step 6

Connect part ② & ③ & ④ with part ⑨, use part ①B to screw them.

## Step 7

Flip over and install part ⑩ and part ⑪ on the frame.

Insert the upper part into the square hole.

Then insert the rest part horizontally.

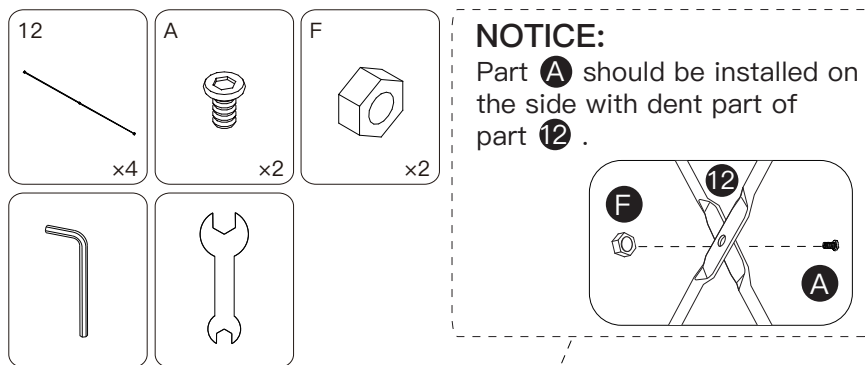

Press down the rail to ensure proper installation.

**Notice:** Make sure all the baffles of part ⑩ & ⑪ are facing the same direction.

**Step 8** Connect part 12 with part A & F to form an X-shape.

**Step 9** Attach X-shaped part on the back side (the side with baffles), use part A to lock them in.

**Notice:** Lock the middle screws first for easier installation.

## Step 10

(Optional) Drill two holes on a solid wall and insert wall anchors of part **H** inside the holes, then lock the rack with screws of part **H**.

### NOTICE:

Electric drill does not included in the box.

1

Place the rack against the wall, locate and mark out two holes.
