Product Description: With a stylish Scandinavian modern flair, the Lisette Hall Chest combines a serene color palette of whites, creams and beiges with a cream-finished exterior, a patterned reed-like texture taupe-colored front and gold metal legs. Crafted of hardwood, the Lisette has 2 doors with soft-close hinges and one adjustable shelf behind the pair of doors.

Collection Features: Come closer to Melange, and you will discover something unexpected, an eclectic blending of colors, textures and materials in a vibrant collection of one-of-a-kind artistic pieces.

Status: Active

Finish: Gold colored metal legs, cream finished exterior and interior with gold open square pulls.

Features: Two doors with soft-close hinges
One adjustable shelf behind pair of doors
Ventilated backpanel
Levelers

Material: Hardwoods

Finish Construction: Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

Frame Construction: Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable

with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
