Assembly Instruction

IMPORTANT, KEEP FOR REFERENCE AT A LATER DATE: READ CAREFULLY

Intended use

The garden pavilion is intended to protect against sunshine and light wind.
The product is not intended for trade or business use.

General safety instructions

- Retain all instructions for use, and safety instructions for the future.
- All parts of the product must be correctly assembled.
- Keep the product away from open flames.

NOTICE! Attention!

The garden pavilion must be dismantled in strong wind, rain, or falling snow.

Fitting

NOTICE! Hazard resulting from damage to the product!

The product must be set up on a level and sufficiently strong surface. If the surface is insufficiently strong, the stability of the product will be endangered.

- After set-up, check all connections.
- After setting up the garden pavilion, fix the feet to the ground surface with nails each.

Storing, disposal, transport Cleaning and care

NOTICE! Hazard from environmental effects!

Do not expose the product to the weather unnecessarily.

- Follow the manufacturer's instructions when using cleaning and care products.
- Regularly check the connections.

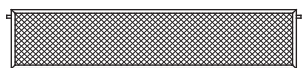

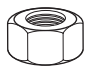

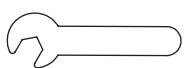

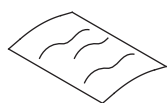

Storage and transport

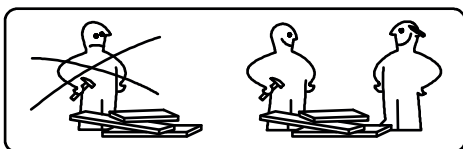

- Do not expose the product to the weather unnecessarily.
- Protect the product from damage when transporting it.
- The product is sensitive to frost. Store the product for the winter where it is dry and well ventilated.

Disposing of the packaging

The packaging consists of cardboard and correspondingly marked plastics that can be recycled.
– Make these materials available for recycling.
