

WhisperLift® II PRO Swivel

Advanced TV Lift

WHISPERLIFT®™ II PRO ADVANCED SWIVEL TV LIFT

23501 - Touchstone's Advanced TV Lift Mechanism with Swivel

Touchstone's WhisperLift®™ II Pro Advanced brings all the reliability and value of the industry leading WhisperLift®™ II TV Lift Mechanism to a lift designed for the pro-user. These advanced features include lift height memory, an IR sensor for universal remotes, a 12 volt trigger connection for use with automated systems and a manual 60 degree swivel. The WhisperLift®™ II operates by using a single piston actuator in an enclosed system for completely safe operation with virtually zero wear and tear. The steel external casing of the lift provides added protection for the lift internal parts, which keeps it clean and free of dirt and any debris. Don't be confused by more expensive TV lift mechanism claiming to have more a better lift based on the price they are charging. The WhisperLift®™ II is durable, quiet and reliable.
