

Dear Custoer

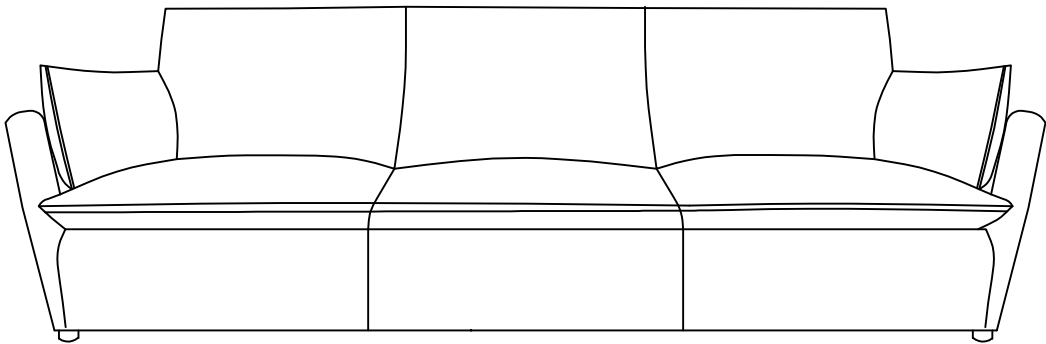

The accessory bag is bound to the base, please use scissors to remove it. Please note that the upholstery is vacuum compressed and will expand and return to its optimal state within 24-48 hours.

It will take 30-40 minutes to install this sofa by yourself, and you will also need an extra screwdriver.

Let's get started!

② 8 PCS

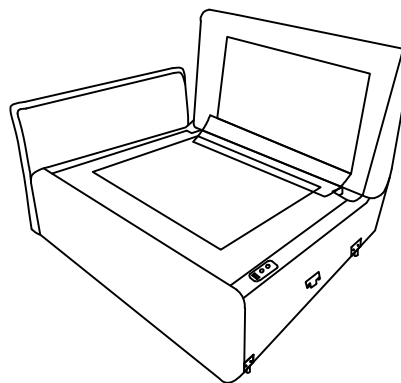

③ 8PCS

Step 3: Insert the backrest into the sofa.

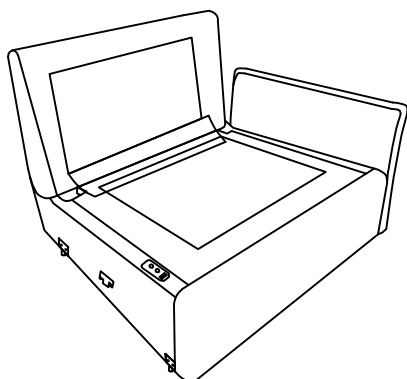

3

Step 4: Tear off the Velcro on the backrest and stick it to the base to fill the gap.

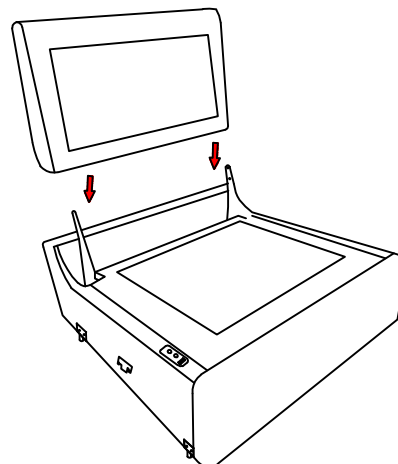

4

Step 5: Take out all contents from carton C and repeat steps 1-4 to install the right seat.

5

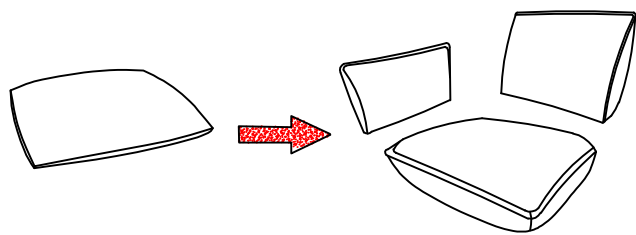

Step 6: Take out all contents from carton B and repeat steps 1, 3 and 4 to install the middle seat.

6

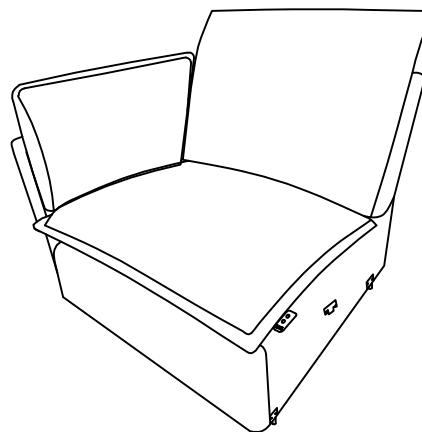

Step 7: Unpack all compressed pillows, wait for them to expand, and then put them into the corresponding zippered cloth covers.

Note: Because all pillows are vacuum packed and shipped, it takes 24-48 hours for the sponge inside to return to its softest state.

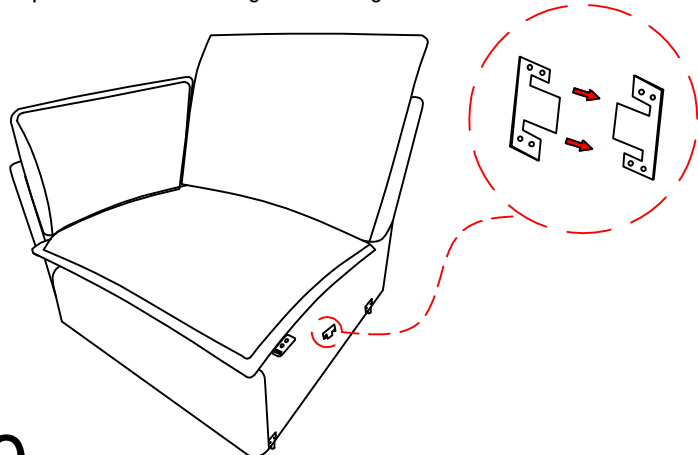

7

Step 8: Place all pillows in their corresponding positions, with the smallest ones next to the armrests, the medium ones on the backrests, and the largest ones on the seats.

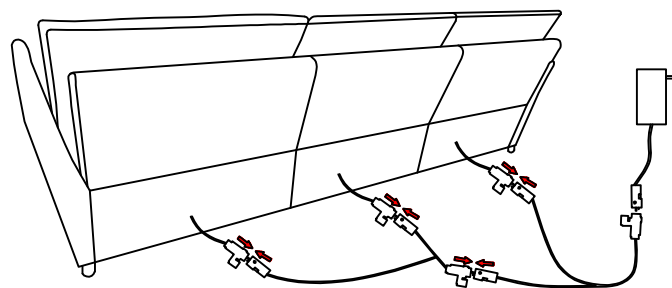

8

Step 9: Put the seats together using the connectors.

9

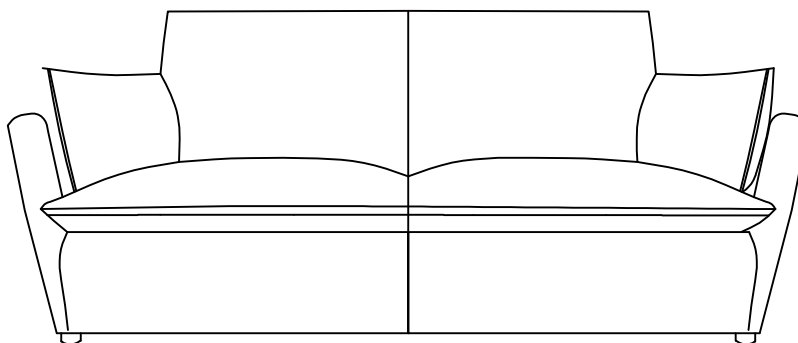

Step 10: Take the power cord and splitter from the accessories bag in carton B and C. Connect all power cords according to the diagram. 3-seater sofa requires one power cord and two splitters.
