

KOHLER® HydroRail®

Simple solution. Big impact.
Affordable update.

Adjustable

Functional column works as a slidebar to adjust height and angle.

Convenient

Conveniently located diverter on the column makes it simple to switch between showering components.

Customizable

Complete your space with your choice of Kohler hose, handshower, showerhead or rainhead.

Affordable

No need to alter or access your in-wall plumbing.

Moveable

Hose moves freely with angled elbow connection.

**Various HydroRail models available*
