- Read instructions, cover to cover-

- Have 2 adults on hand for assembly-

- Do not assemble on flooring or carpet-

- Assemble on a clean non-marring surface (packing foam)-

- Save all packaging until finished-

Assembly Steps

Overview

This Mid Chair has multiple parts and may require up to 30 minutes to assemble. To give you an overview of the Armless Chair parts, the above picture is to help you put the various parts into perspective. Please read through the instructions herebelow to familiarise the parts and steps before assembly.

Step 1

First, place the Backrest (B) flat on the cushion. Then, position the Chair Base (A) vertically on top of the Backrest (B), aligning the holes. Finally, connect the two using Short Screws (①) and Flat Washers (②).

Step 2

Following the previous step, place the Decorative Leg (D) and Decorative Leg (E) at the bottom of the Chair Base (A), aligning the holes of both parts. Then, secure them together using Long Screws (③) and Flat Washers (④), as shown in the figure.

Step 3

Similarly, following the previous step, place the Decorative Trim (E) and Decorative Trim (F) at the bottom of the Chair Base (A), aligning the holes of both parts. Then, secure them together using Long Screws (③) and Flat Washers (④), as shown in the figure. Then, stand the sofa upright and wait for the next installation step.

Step 4

Finally, place the Back Cushion (C) to complete the installation.

Step 5

Figure 1

Figure 2

This section introduces the connection method for two specific parts. First, rotate the protruding male component at the bottom outward, as shown in Figure 1. Next, align the two parts to be connected front-to-back, and push them together until they are fully flush. A series of continuous clicking sounds during this process indicates a successful connection; the principle is illustrated in Figure 2. The Ottoman can be placed freely as it does not use connecting hardware. The entire sofa set allows for flexible combinations, with simple examples provided in the list below.

Combination

Combination	Figure	N773P411081S	N773P411082S	N773P411083S
		Corner Chair Module	Mid Chair Module	Ottoman Module
				
Combination 1		2	1	1
Combination 2		1	2	2
Combination 3		1	3	2
Combination 4		2	2	2

Questions & Answers about Proposition 65

- What is Proposition 65?

Proposition 65 requires businesses to provide warnings to Californians about significant exposures to chemicals that cause cancer, birth defects or other reproductive harm. These chemicals can be in the products that Californians purchase, in their homes or workplaces, or that are released into the environment. By requiring that this information be provided, Proposition 65 enables Californians to make informed decisions about their exposures to these chemicals.

Proposition 65 also prohibits California businesses from knowingly discharging significant amounts of listed chemicals into sources of drinking water.

Proposition 65 requires California to publish a list of chemicals known to cause cancer, birth defects or other reproductive harm. This list, which must be updated at least once a year, has grown to include approximately 900 chemicals since it was first published in 1987.

What types of chemicals are on the Proposition 65 list?

The list contains a wide range of naturally occurring and synthetic chemicals that include additives or ingredients in pesticides, common household products, food, drugs, dyes, or solvents. Listed chemicals may also be used in manufacturing and construction, or they may be byproducts of chemical processes, such as motor vehicle exhaust.

What does a warning mean?

If a warning is placed on a product label or posted or distributed at a workplace, a business, or in rental housing, the business issuing the warning is aware or believes that it is exposing individuals to one or more listed chemicals.

By law, a warning must be given for listed chemicals unless the exposure is low enough to pose no significant risk of cancer or is significantly below levels observed to cause birth defects or other reproductive harm.

Where can I get more information on Proposition 65?

If you have specific questions on the administration or implementation of Proposition 65, you can contact OEHHA's Proposition 65 program at P65.Questions@oehha.ca.gov, or by phone at (916) 445-6900.
