

FURNITURE: USE AND CARE GUIDE

- Before using, wipe with a clean, dry cloth.
- To clean, it is recommended to use a soft cloth lightly dampened in a solution of smooth soap and water, then dry with a clean towel.
- Do not use bleach, solvents or abrasive materials .
- For chairs, every 4 months, inspect completely and make sure that all screws are tightened.
- If your set includes cushions or mesh fabrics, they may need to be spot cleaned with dry, solvent-based cleaner. Do not machine wash or tumble dry, as cushions covers may shrink.
- For best wear and use do not leave outdoor cushions outside during wet weather.
- For the body of the furniture, clean by lightly brushing or vacuuming to remove dust. Spot clean with dry spray cleaner designed for household upholstery. Do not use bleach or harsh solvent based cleaners.
