

Long Dresser with 8 Drawers

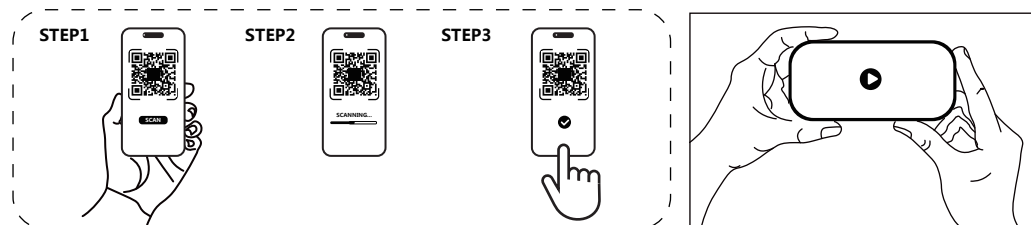

Access to installation videos

SCAN QR CODE

For IOS and Android systems, you can scan the QR code to get the video version of the product installation instructions. If the QR code does not work, you can contact customer service.

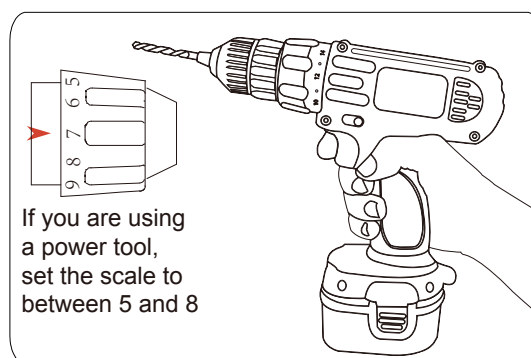

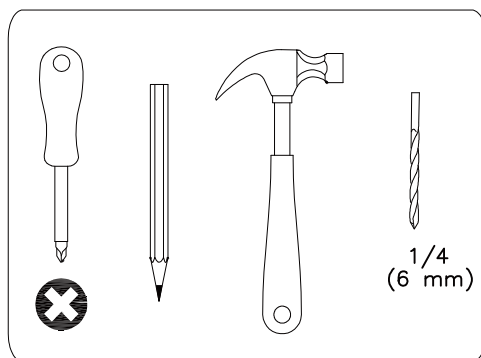

PRE-ASSEMBLY PREPARATION

Before you start:

1. Choose a clean, level, spacious assembly area. Avoid hard surfaces that may damage the product
2. Take care when lifting. Product should be assembled as near as possible to the point of use
3. Ensure that you have all required contents for complete assembly .
4. Always read the assembly instructions carefully before beginning assembly.
5. Keep all hardware parts and packaging out of reach of small children.
6. Do not over tighten the screws and bolts as this may damage the threads.

Tools Needed (not included)

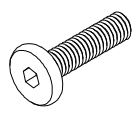

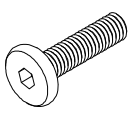

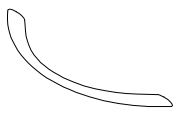

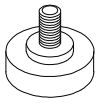

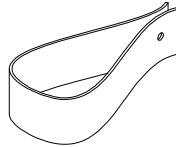

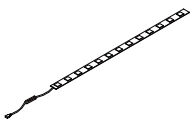

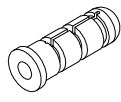

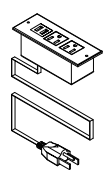

WARNING

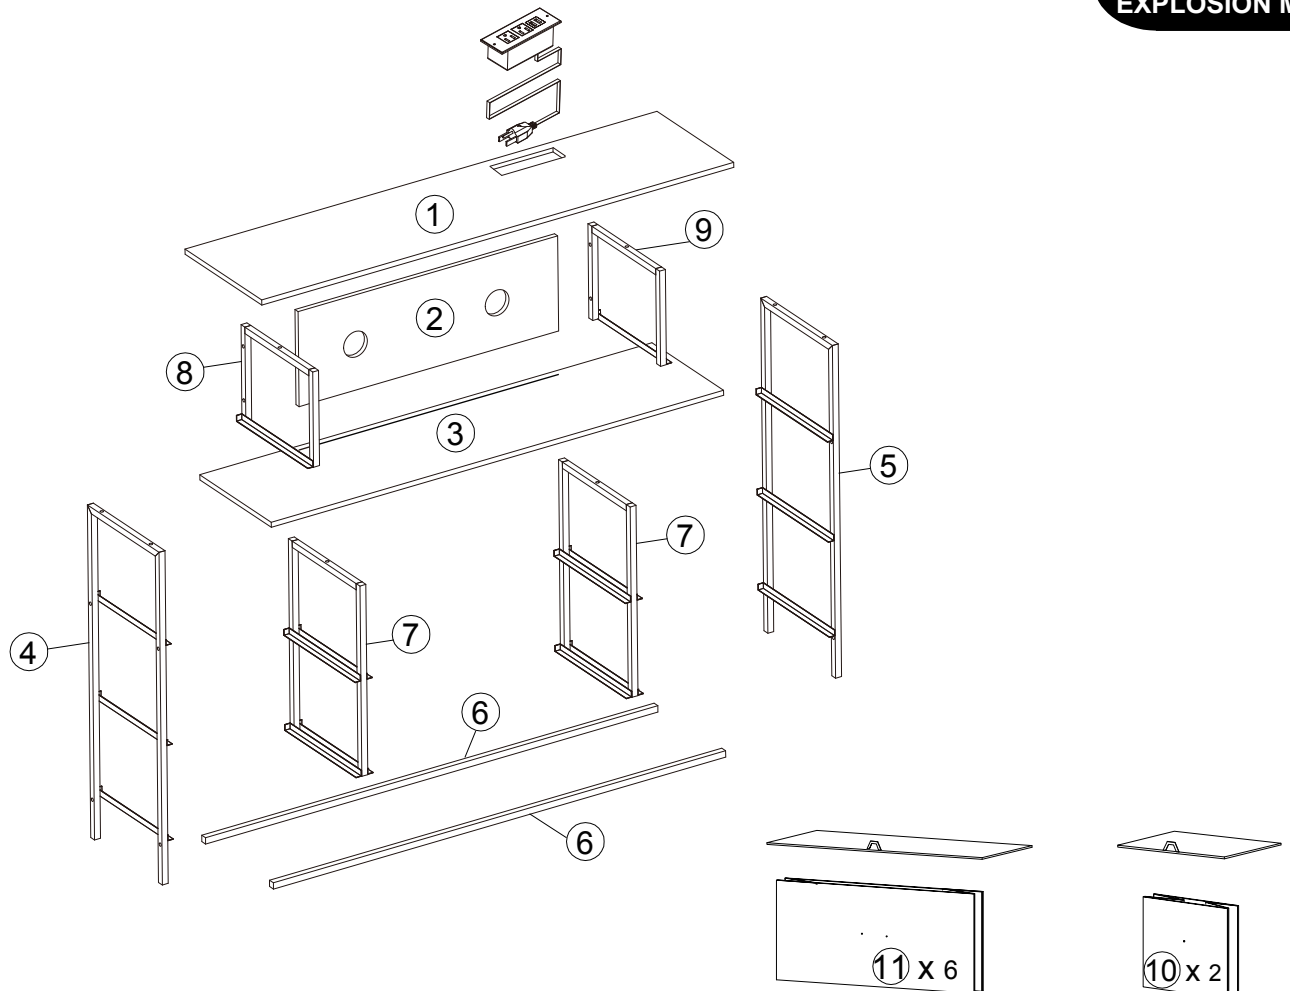

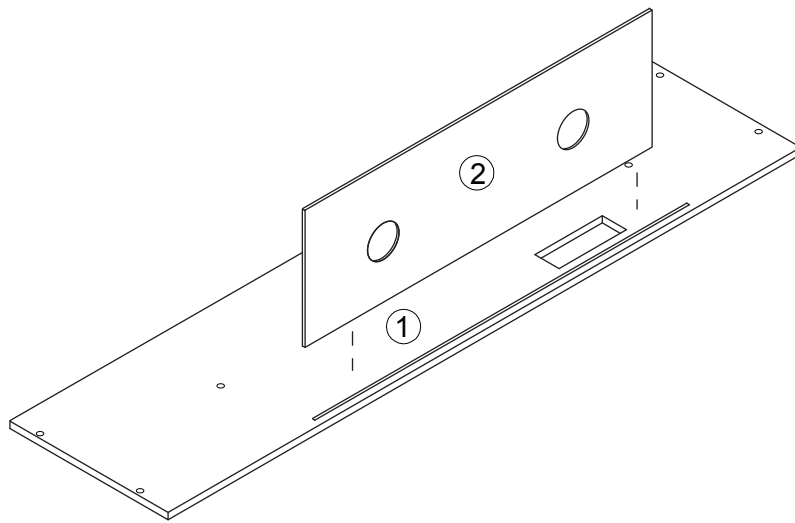

**Children have died from furniture tipover.
To reduce the risk of furniture tipover:**

- ALWAYS install Anti-tip device provided.
 - Replace with statement addressing TV use.
 - NEVER allow children to stand, climb or hang on any drawers, doors, or shelves.
 - NEVER open more than one drawer at a time
- Place heaviest items in the lowest drawers.
This is a permanent label. Do not remove!

EXPLOSION MAP

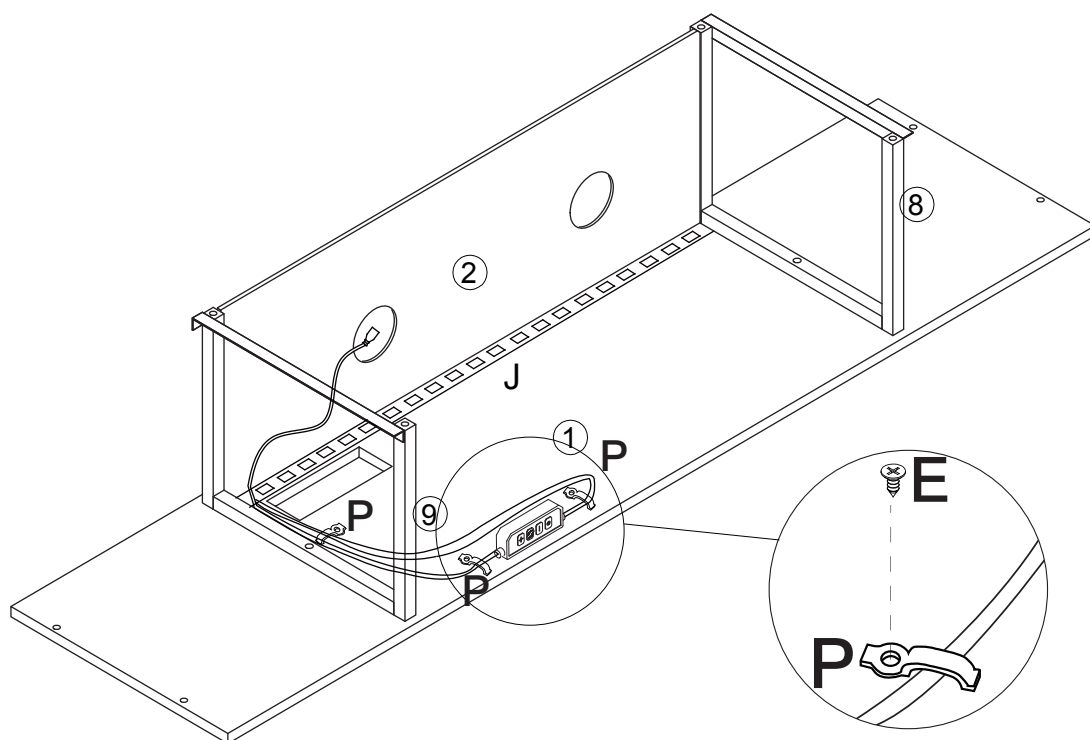

Note: Lay a blanket under component 1 to avoid scratches

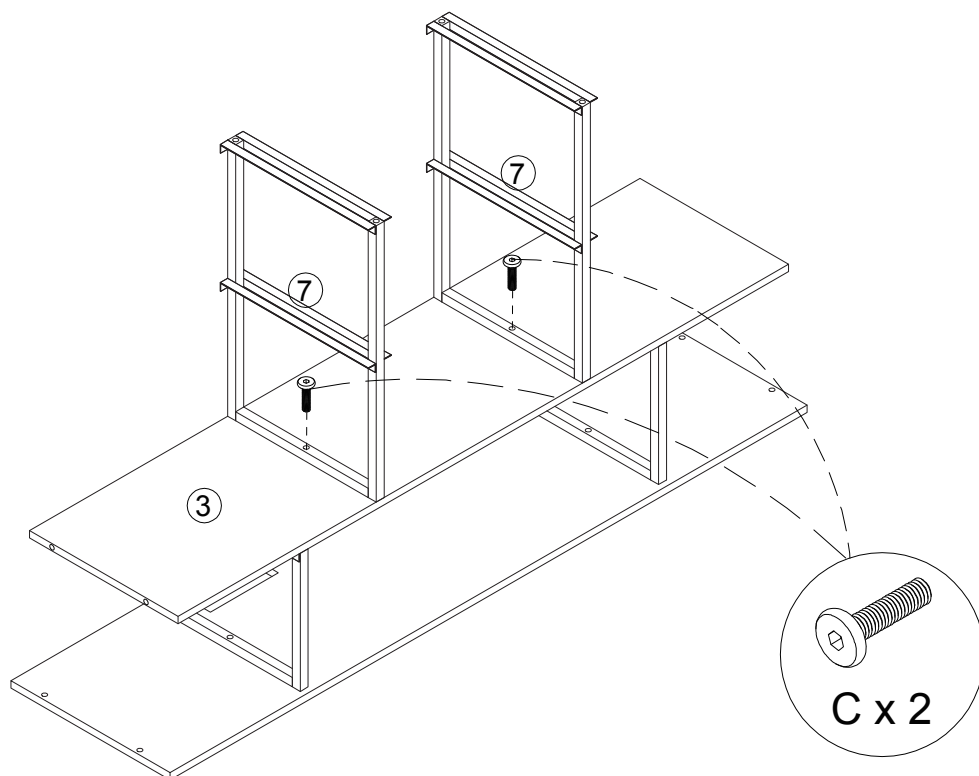

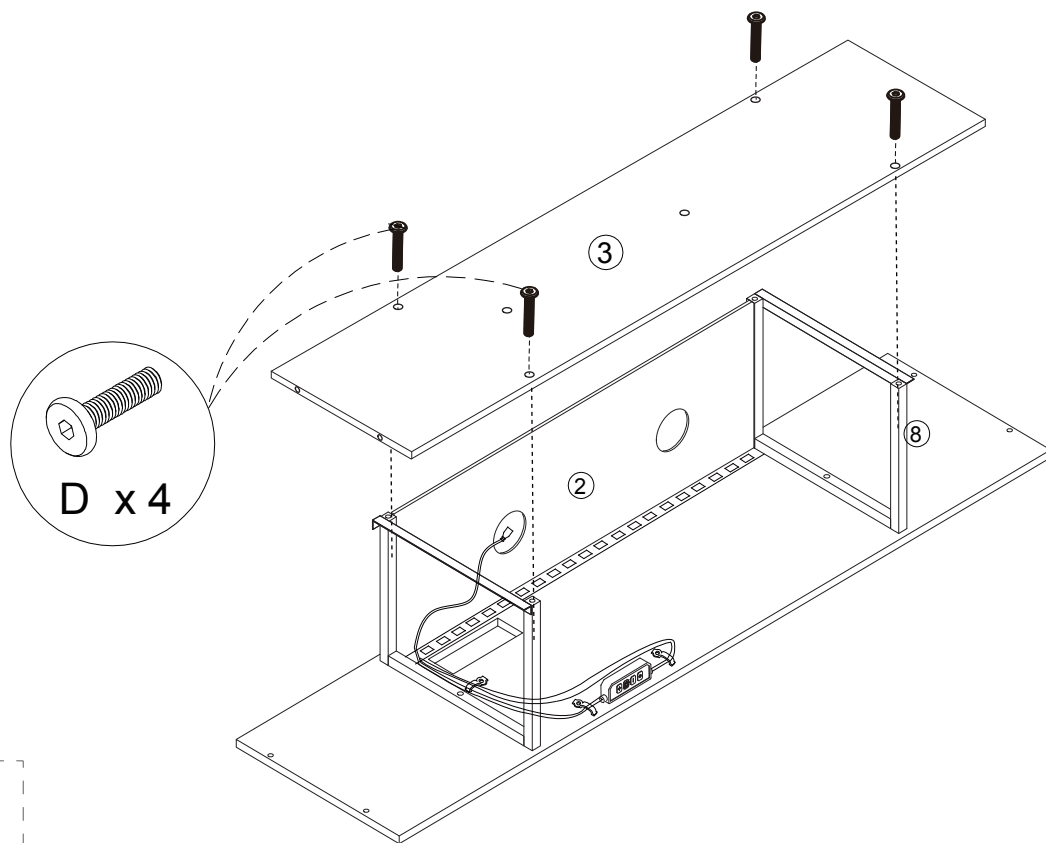

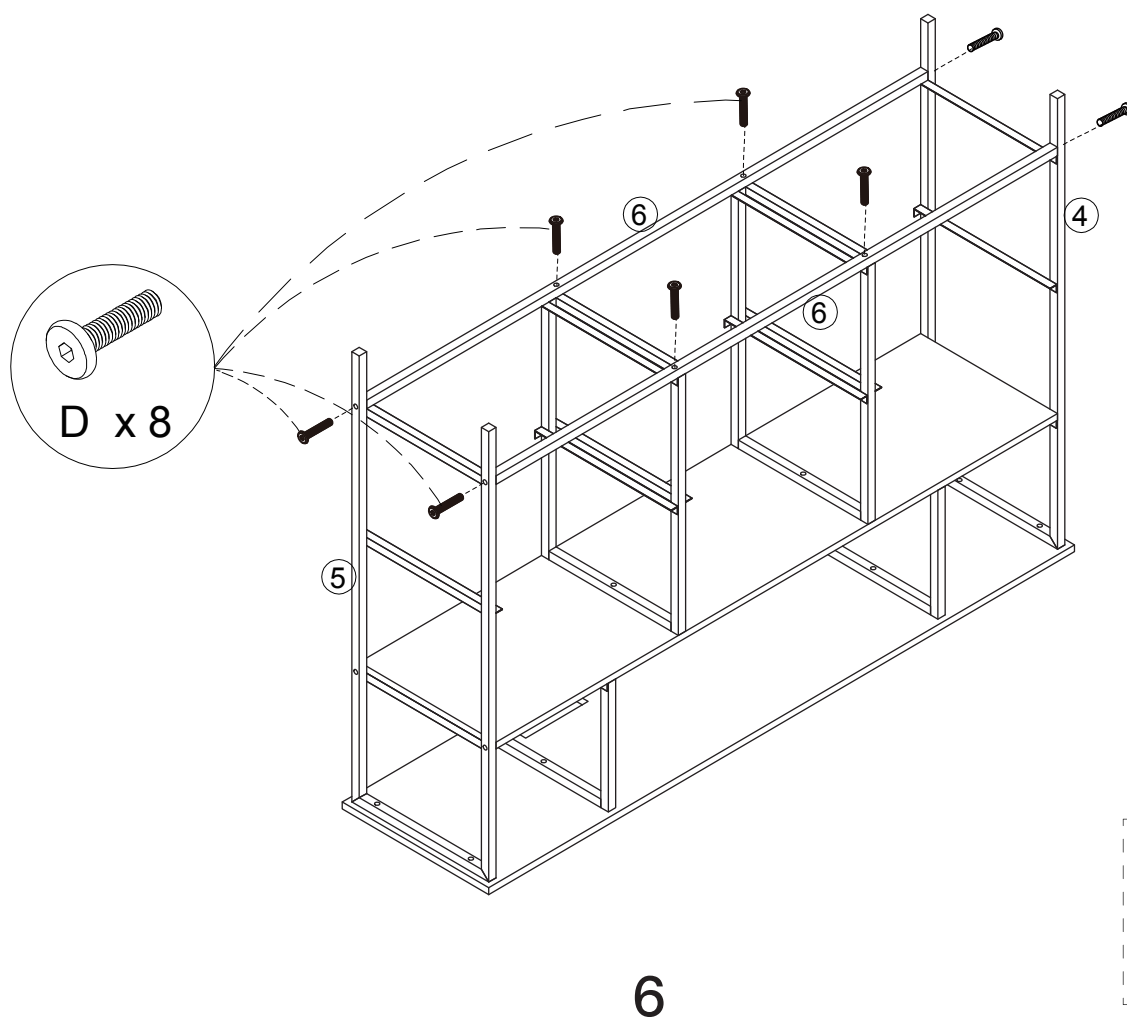

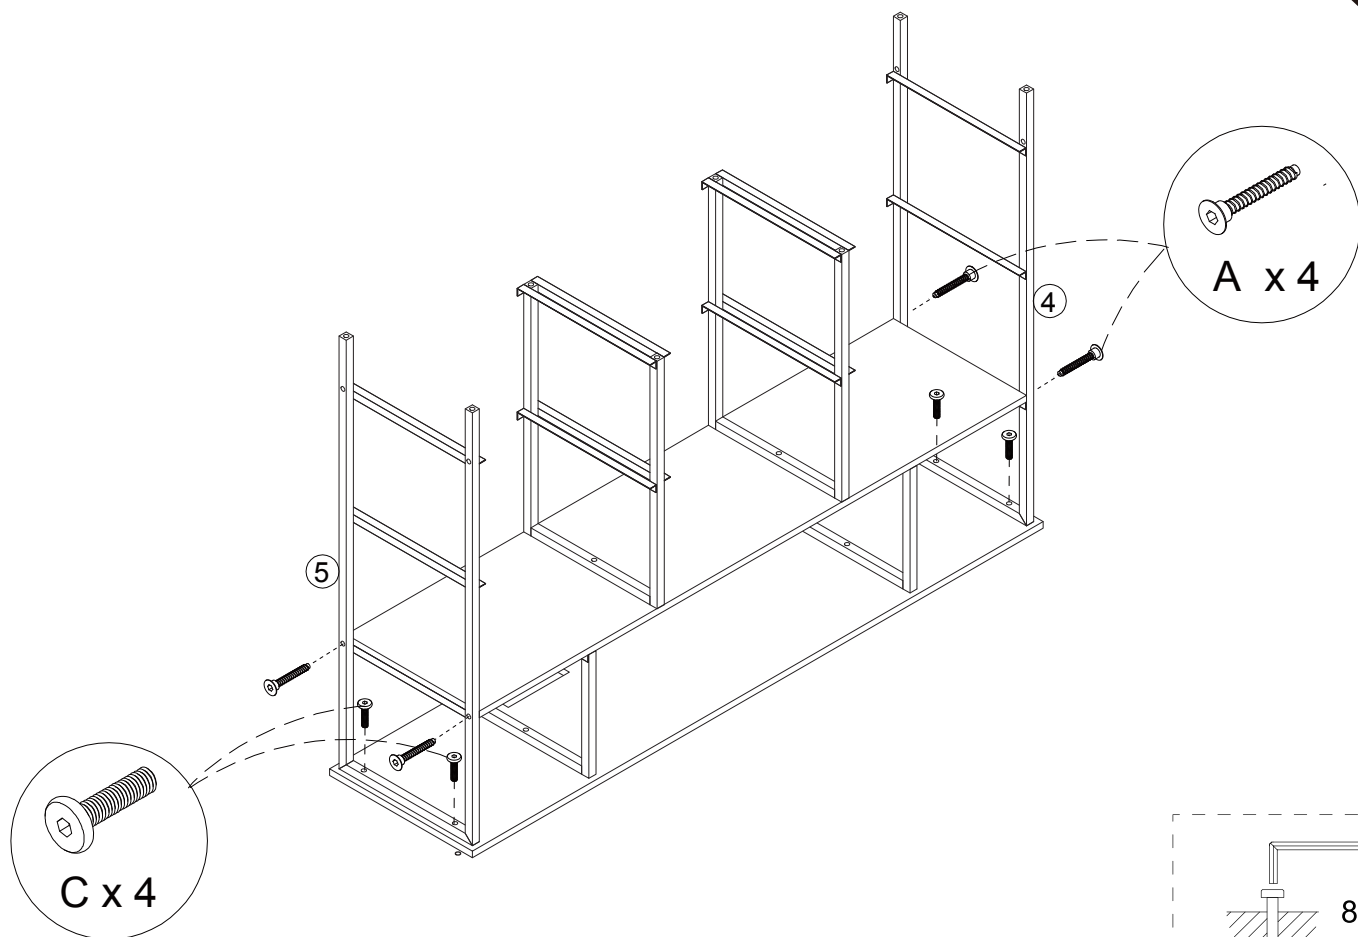

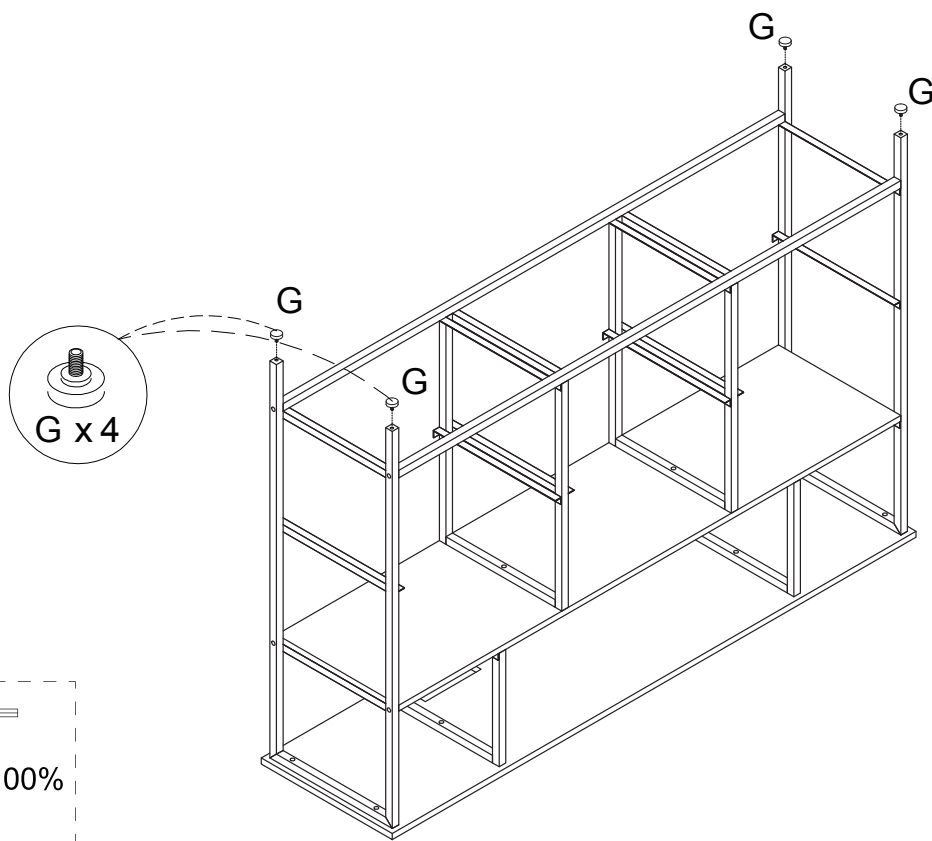

Note: Use scissors to cut the strip to the length you want, but of course you can leave it uncut.

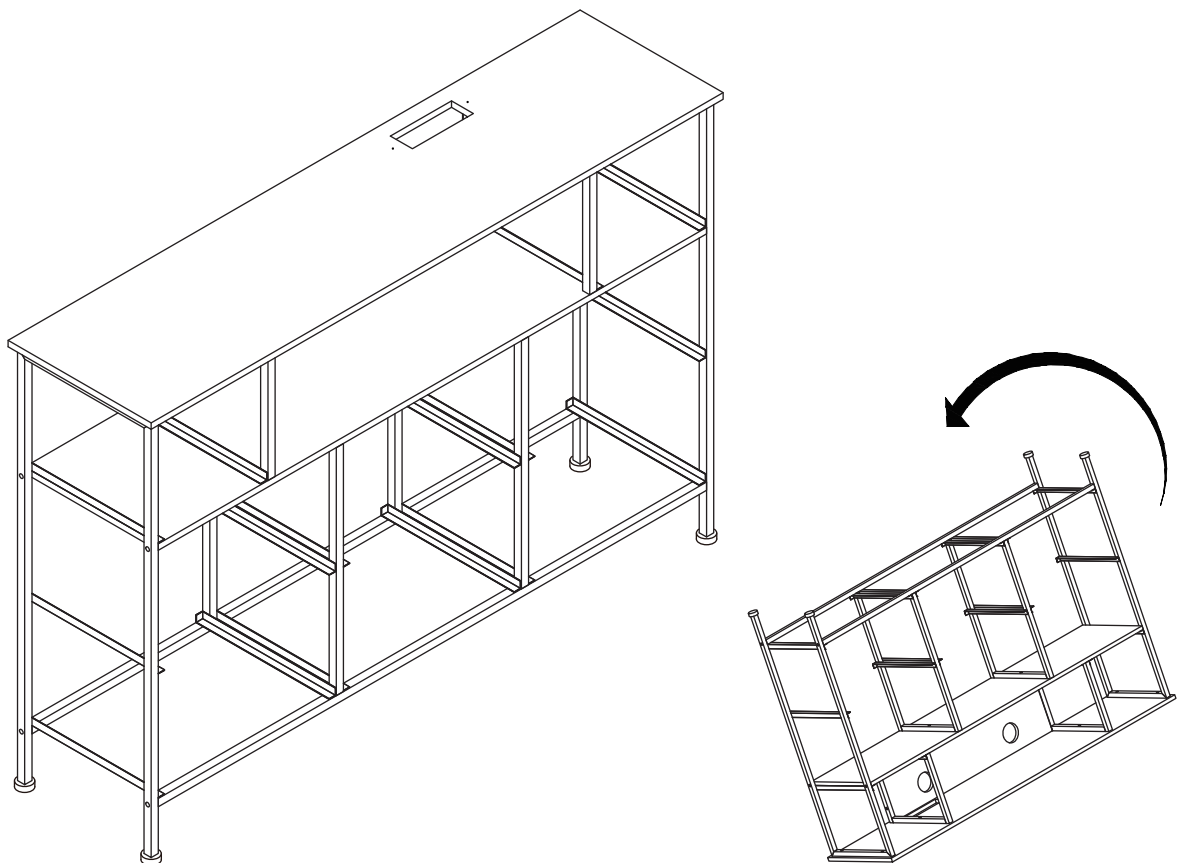

Note: Peel off the adhesive strip on the back of the light strip to attach it securely to the board.

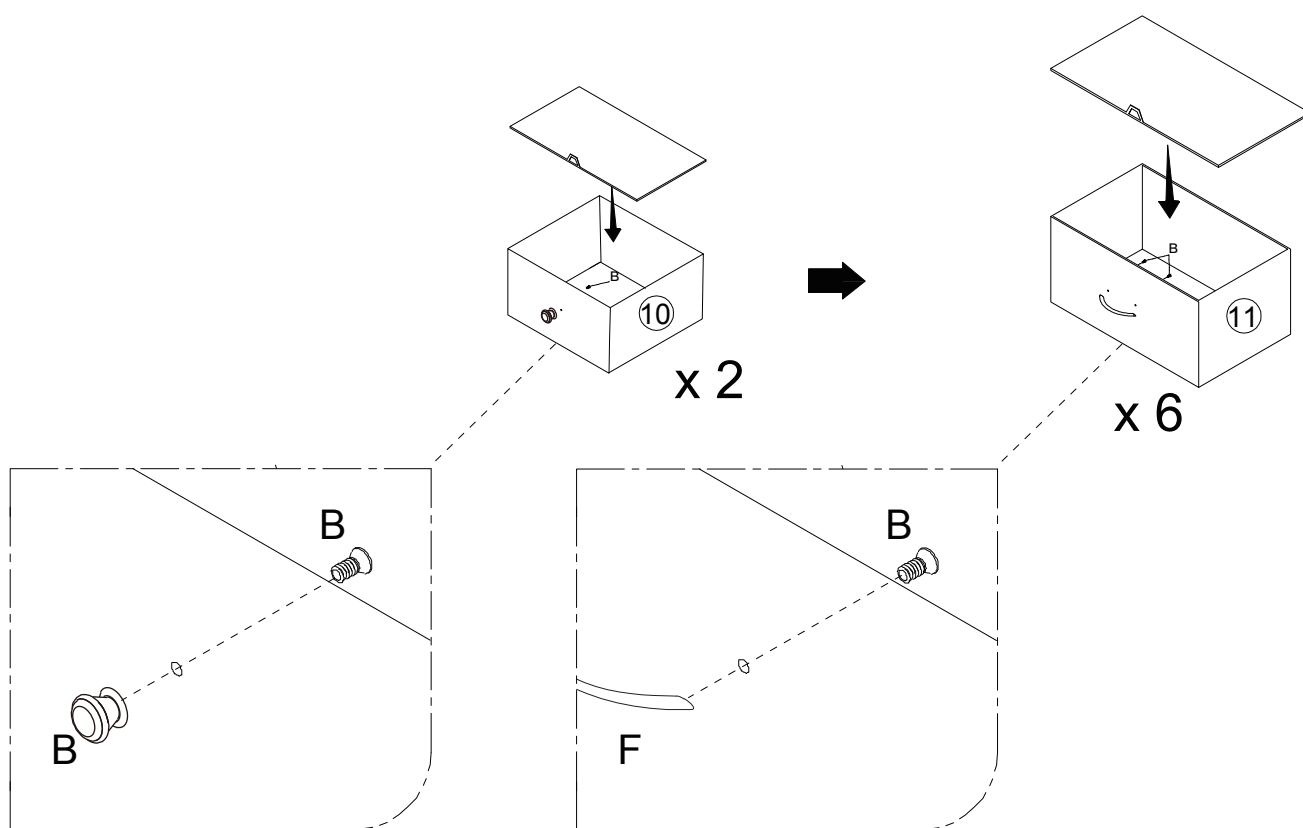

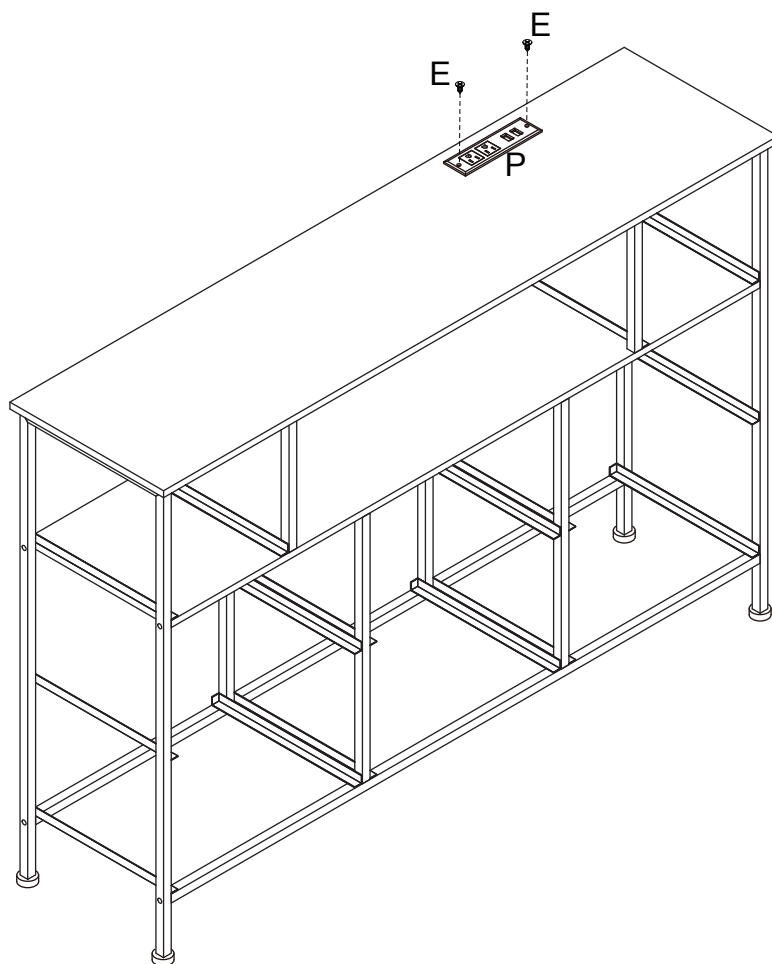

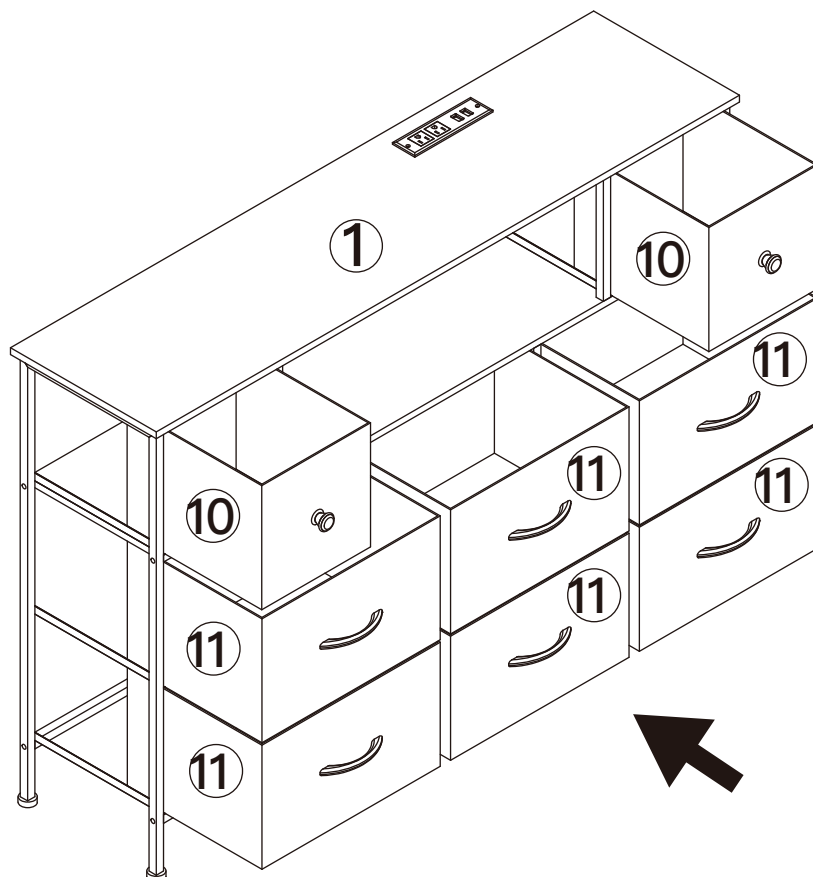

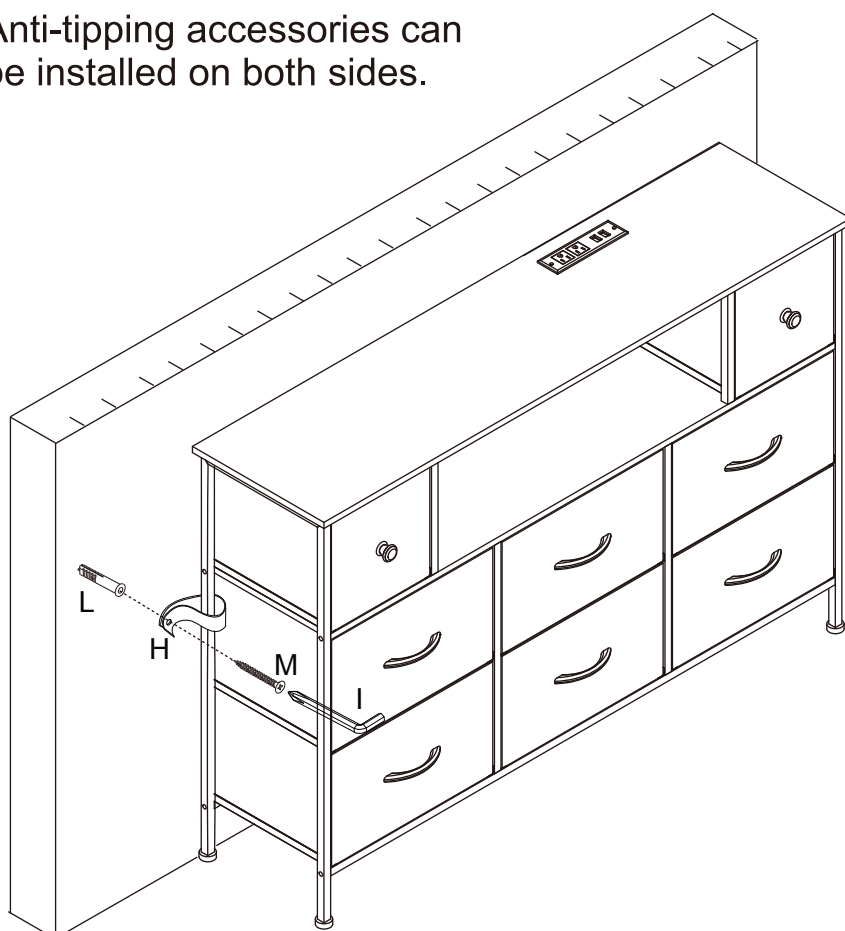

Note: After adjusting the productparts, tighten all the parts completely.

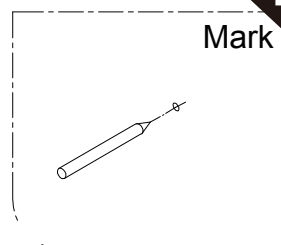

Anti-tipping accessories can be installed on both sides.

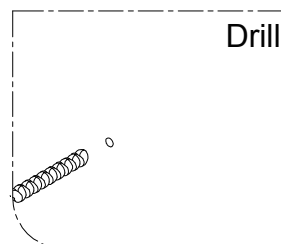

- Note:** 1.Mark on the wall
2.Use an electric drill to drill deep holes in the wall
3.Tap part L into the hole

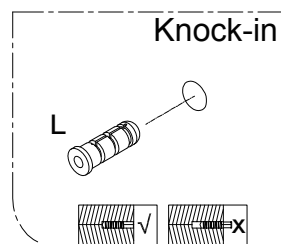

Mark

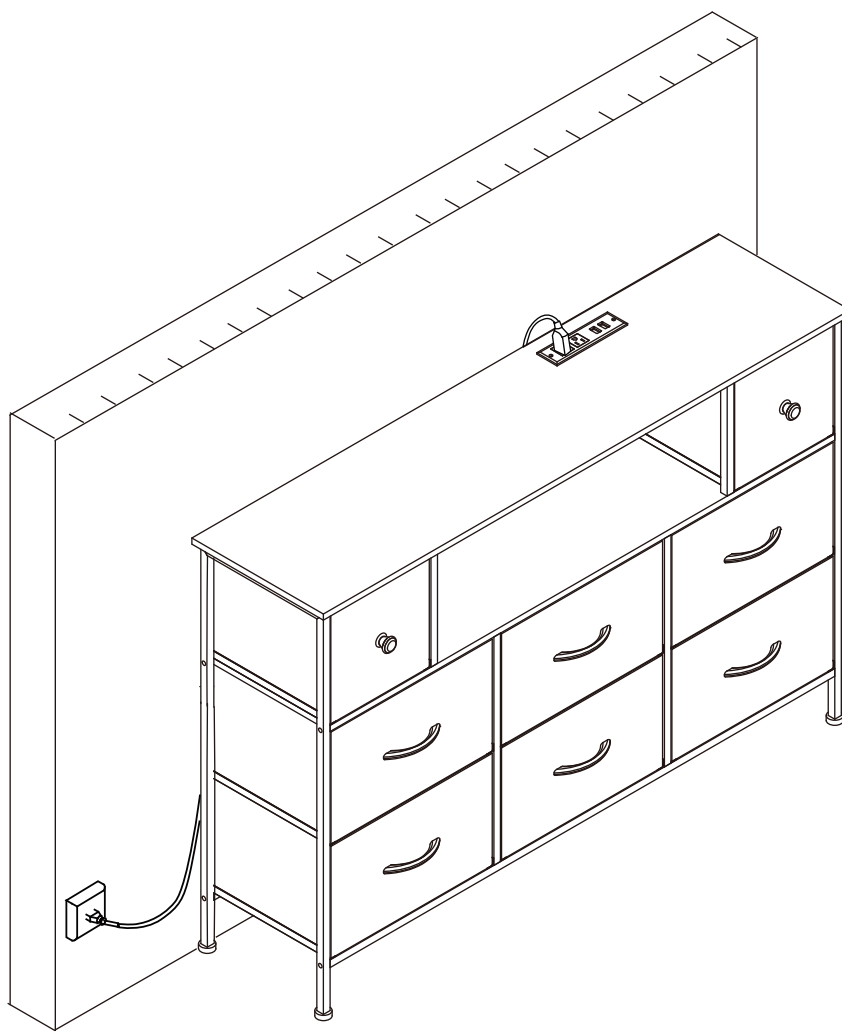

Drill

Knock-in

Two kinds of light strip control mode:

One is to adjust the colour and brightness by infrared remote control;

The other is to scan the QR code to download the app and use your phone's Bluetooth to control the light strip and unlock more colours and modes.
