

The Arctic Pine Collection

Our 7.5-ft. Buffalo Fir artificial Christmas trees feature slim silhouettes, lifelike foliage, and all-metal hinged branch construction. Each model is specially crafted using the finest materials to not only look realistic, but to provide you with many seasons of use and enjoyment as well.

The tree needles are constructed out of non-allergenic and flame-retardant materials then painted multiple hues of green so no two are exactly alike. Some of the branches contain pine cones that add to the natural effect. Together these details create the look of a natural tree that requires hardly any maintenance.

With Fraser Hill Farm, enjoy all the long-term benefits that come with owning an artificial tree. Imagine never having to shop, chop, and pay for another natural tree again. With the Buffalo Fir Christmas Tree, simply unfold out of storage and decorate!

Slim silhouette with lifelike foliage and pine cones
Metal hinged branch construction
Flame-retardant and non-allergenic materials
1-year limited warranty

Model Number	UPC	Height	Width	Description

FFBF075-6SN	192487078136	7.5 ft.	48 in.	Pre-lit tree with 550 multi-colored LED bulbs

LIGHTING OPTIONS FOR PRE-LIT MODELS

Eliminate the frustration of untangling your tree's string lights each year. We offer a variety of pre-lit models that includes a system of lights that are already prestrung, evenly distributed and bound to frame. Each option offers a variety of color, bulb types and displays from which to choose.

CLEAR SMART LIGHTING

Includes a system of classic clear bulbs that will remain lit even if one burns out. Each bulb projects a brighter light and further accentuates the tree as well as all ornaments placed around it.

CLEAR LED LIGHTING

Produces a clear timeless display and operates off low voltage power. The LED bulbs are long lasting so you won't have to worry about replacing them each year.

MULTI-COLOR LED LIGHTING

The multi-color LED lights offer the most variety on how your tree lights up. You have the option of choosing one color, multiple colors or the classic clear display to light up your tree.

ACCESSORIES INCLUDED WITH ALL MULTI-COLOR MODELS

All multi-color, pre-lit models include a wireless remote control and convenient foot remote connected to the power cord. Both allow you to control your tree's display by alternating colors and patterns at the touch of a button.

Multi-color trees also feature a sound-activated light show option that enables the tree to react to the beat of your favorite holiday soundtrack. No propriety app required. Simply place the speaker beside the control box and set to music mode with the green light shining. Then simply let the Jingle Bells ring out and enjoy the show!
