# Assembly Steps

## Overview

This Sofa has multiple parts and may require up to 30 minutes to assemble. To give you an overview of the Sofa parts, the above picture is to help you put the various parts into perspective. Please read through the instructions below to familiarise yourself with the parts and steps before assembly.

## Step 1

Open up the carton and place all parts onto a clean, non-marring surface.  
1.1 Then open up the Seat(B).  
1.2 Remove the Backrest(A), Legs(C) and hardware.

## Step 2

With the seat(B) open, align Backrest(A) and the open Seat(B) as shown in the picture.

2.1 Attach middle mounting position of Seat(B) and Backrest(A) using Bolts(①), Spring Washers(②), and Washers(③) with Allen Key(④).

**Do not fully tighten the Bolts.**

Repeat the same process to attach the remain mounting position.

2.2 After 6 bolts aligned, tighten all Bolts(①) with Allen Key(④) fully in a sequential manner.

2.3 Then close the seat(B) as shown in the picture.

## Step 3

Install Leg(C) to Seat(B) by first placing a Gasket(⑤) onto the threaded stem of the Leg(C).  
Then insert the Leg(C) into the corner of the base of the Seat(B). Tighten by turning Leg(C) clockwise by hand.  
Repeat the same process to install the remaining three Legs(C).  
**Note: The use of Gaskets is optional. They are especially useful for alleviating slight wobbles from the Sofa. Some Legs may require more than one Gasket whilst some Legs may not require any.**

Step 4

Stand the Sofa up.  
Your Sofa is ready for use.  
**This Sofa can only be used on a flat, level surface.**

### Questions & Answers about Proposition 65

#### • What is Proposition 65?

Proposition 65 requires businesses to provide warnings to Californians about significant exposures to chemicals that cause cancer, birth defects or other reproductive harm. These chemicals can be in the products that Californians purchase, in their homes or workplaces, or that are released into the environment. By requiring that this information be provided, Proposition 65 enables Californians to make informed decisions about their exposures to these chemicals.

Proposition 65 also prohibits California businesses from knowingly discharging significant amounts of listed chemicals into sources of drinking water.

Proposition 65 requires California to publish a list of chemicals known to cause cancer, birth defects or other reproductive harm. This list, which must be updated at least once a year, has grown to include approximately 900 chemicals since it was first published in 1987.

#### • What types of chemicals are on the Proposition 65 list?

The list contains a wide range of naturally occurring and synthetic chemicals that include additives or ingredients in pesticides, common household products, food, drugs, dyes, or solvents. Listed chemicals may also be used in manufacturing and construction, or they may be byproducts of

#### • What does a warning mean?

If a warning is placed on a product label or posted or distributed at a workplace, a business, or in rental housing, the business issuing the warning is aware or believes that it is exposing individuals to one or more listed chemicals.

By law, a warning must be given for listed chemicals unless the exposure is low enough to pose no significant risk of cancer or is significantly below levels observed to cause birth defects or other reproductive harm.
