## Installation Steps:

[Notice]: Please cut off the power supply before installation.

Installation Steps:

[Notice]: Please cut off the power supply before installation.

- ①-②. Assemble and connect the lamp stand and install it in the order shown.
- ③ Use fan-shaped screws to attach each of the five lampshades to the bracket
- ④ & ⑩. Connect the installed main body of the lamp to the lamp base with a chain.
- ⑤ Pass the lamp wire through the chain and then through the lamp base.
- ⑥ Use 2 long screws to install the hanging board on the ceiling.
- ⑦-⑧ Wire according to color classification. There are 3 wires in total: live wire, neutral wire and ground wire. Tighten the terminal cap to cover the connection. To avoid electric shock, please do not let the copper wire expose.
- ⑨ & ⑫. Install the lamp base on the hanging plate and tighten it with short screws on the left and right sides of the fixing device respectively.
- ⑪. Use 2 long screws to install the hanging board on the ceiling.
- ⑬. Install 5 E26 bulbs (Note: bulb is not included)
- ⑭. Turn on the power switch and verify that the luminaire is working properly.
