◆ Product Parameters

Product Model	Input Voltage (V)	Frequency(Hz)	Total power(W)	Lamp Base
ASLED-380	100-240V	50/60Hz	Max.60W	E27

Manufacturer: Anshan Xupu Trading Co.,Ltd

Address: 46, Floor 4, 128 B, Jiefang East Road Tiedong,Anshan,Liaoning,CN(China)

◆ Installation Steps

1. Assemble the light pole: The light pole is divided into 6 sections, A, B, C, D, E, and F. Starting from the bottom of the light pole, tighten the A tube, B tube, C tube, and D tube in turn, then align the E tube with the interface, insert the D tube, tighten it with the attached screws, and finally tighten the F tube.

2. Install the base: Connect the bottom of the assembled light pole to the installation part of the base and fix it with screws (as shown in Figure ①).

3. Install the lampshade and bulb: Remove the nut and gasket at the top of the light pole, install the lampshade, put the gasket on, and tighten the nut to fix the lampshade (as shown in Figure ②). Then screw the bulb into the lamp holder in the correct direction and the installation is complete.

Note: This product does not include a battery.
