

ASSEMBLY INSTRUCTION

41.5 INCH OUTDOOR BENCH

							
Backrest A x 1pc	Armrest B x 2pcs	Seat plate C x 1pc	Wrench D x 1pc	Bolt E1 M8X30 4pcs	Bolt E2 M8X15 4pcs	Nut F x 4pcs	Washer G x 4pcs

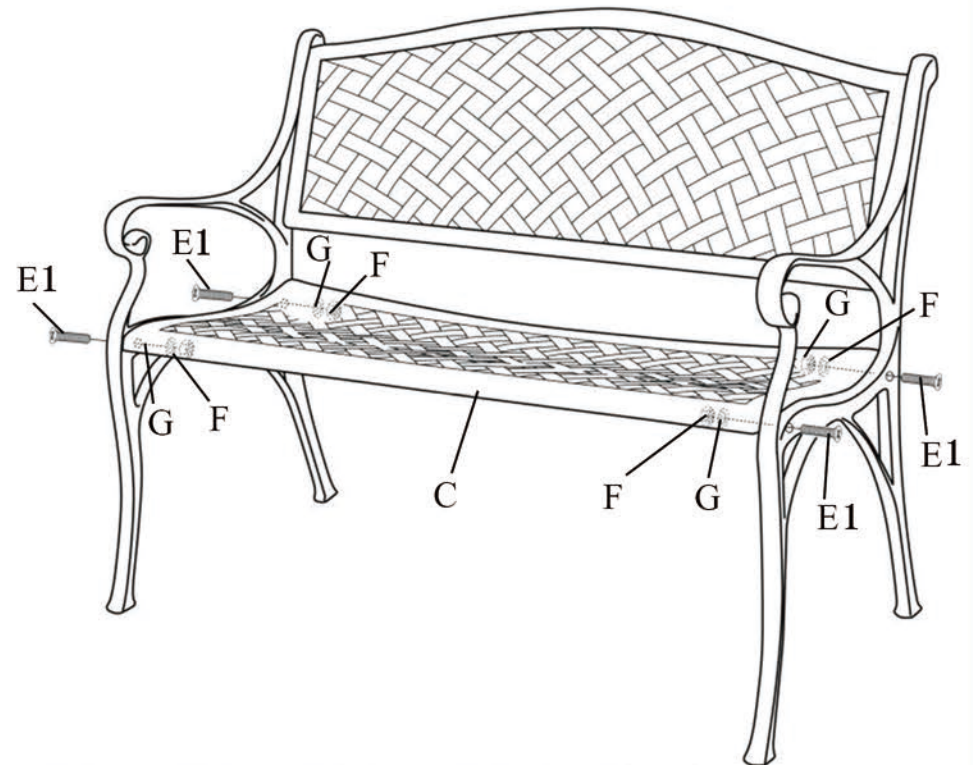

Step 1

Attach the backrest (A) to the 2 armrests (B) first with 4 bolts (E2).

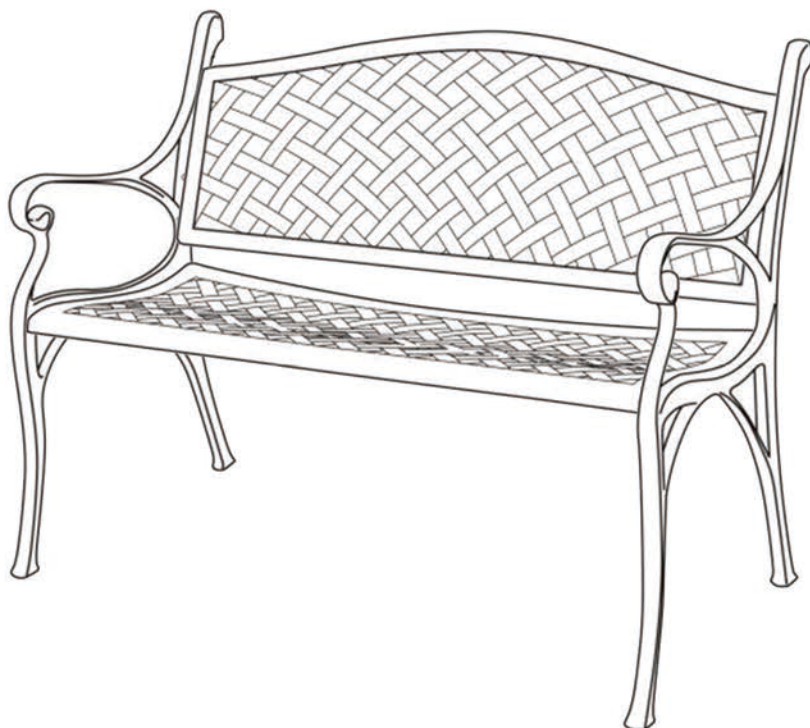

Note: The front side of the backrest is smoother and flatter.

Step 2

Attach the seat plate (C) to the 2 armrests (A) with 4 bolts (E1) x 4 washers (G) x 4 nuts (F). It's hard to install them by hand, you need to use wrench for the better installation.

Note: Please distinguish the upper side of the seat plate before installing. The smoother and flatter side is the upper side.

Make sure all screws are tightened before use.

If you have any questions or complaints, please contact us any time. We are doing the best to provide our customer a better shopping experience and the best service. We promise to solve your issue in 24 hours.

Thank you!

If you like our product or service, it is highly appreciated if you could leave us a feedback and review on Website. As a growing company, your support would be our the greatest motivation. Thank you!
