

Leg Assembly Instructions

Install legs before use.

1. Remove the bag containing legs located in the seat of the product, or in the zippered cavity of the ottoman. See Step 1 diagram at right. With the assistance of another person, place the product on its back.
2. Locate the round hole on the bottom of the furniture underneath the black dust cover in each corner of the product. See Step 2 diagram at right. Insert the bolt end of the leg and turn clockwise.
3. Continue turning clockwise until the leg is secure. Do not over-tighten. See Step 3 diagram at right. Repeat steps 2 and 3 for all corners of the product. Repeat this process on the 5th leg hole if applicable. See diagram below.
4. With the assistance of another person, carefully return the product to the upright position.
