IMPORTANT: please read these instructions fully before starting assembly

**SAFETY AND
CARE ADVICE**

NO POWER TOOLS

- Check you have all the components and tools listed
- Remove all fittings from their bags and separate into groups
- We do not recommend use of power tools - this could damage the unit. Only use hand screwdrivers and Allen keys
- Keep children and animals away from the work area, small parts could cause choking if swallowed
- Make sure you have enough space to lay out the parts before starting
- Assemble the item as close to its final position (same room) as possible
- Do not over tighten the nuts to avoid damage to the threads
- Only clean using a damp cloth and mild detergent. Do not use bleach or abrasive cleaners
- From time to time, check there are no loose screws in this unit
- This product should not be discarded with household waste. Take to your local authority waste disposal centre
- Unless otherwise stated, this product is designed for domestic use and is not certified for commercial or contract settings.
