**Important:**

Safety is our number one concern – please follow these simple safety tips:  
Remember to check and tighten bolts/hardware once every few month, as these may loosen with use over time.  
If you have purchased a bed, chose a low profile mattress for the top bunk (ideally 5" (13cm) or max 10" (25cm)  
to maximize safety rail height.

Make sure to anchor your large dressers to the wall with the free anti-tip kit provided.  
Read and follow the safety instructions on the card attached to the front of your dresser.
