

A decorative graphic featuring a stylized, symmetrical chandelier or candelabra. The central element is a vertical stem with a bulbous middle section. From this stem, four ornate, curved arms extend outwards, each holding a lit candle. The arms are adorned with intricate floral and scrollwork patterns. The entire design is rendered in a light gray color against a white background. In the top left corner, there is a dark gray, curved shape that partially obscures the background. A thin vertical black line runs down the right side of the image, separating the decorative element from the right margin.

A detailed diagram of a suspension bridge. The main span is supported by two tall towers. The approach spans are supported by piers. The diagram is labeled with letters A through H: A points to the main span deck, B points to the approach span deck, C points to the main span deck, D points to the approach span deck, E points to the main span deck, F points to the approach span deck, G points to the main span deck, and H points to the approach span deck.

Caution: It is highly recommended to get an electrician to install this light. Please make sure to turn the electricity off at the main circuit breaker before beginning installation. All glass is fragile. Use care when handling glass component(s) and/or lamp(s).
