

GISELLE FLUSH MOUNT

DFC15  
Smoke Luster  
H: 13 IN  
Dia: 24.00 IN

Like meteors drifting through space, six handblown fixtures of smoke luster seeded glass disperse light across the room. This celestial fixture is suspended from a trumpet-shaped canopy of antique brass plated iron, ribbed for visual interest. Damp-rated, although limited covered outdoor areas may affect finish.  
CONTRACT: Suitable As Is
