

CARE AND MAINTENANCE

To clean the outside of the fixture, use a dry or slightly dampened clean cloth (use clean water, never a solvent) to wipe the surface of the fixture.

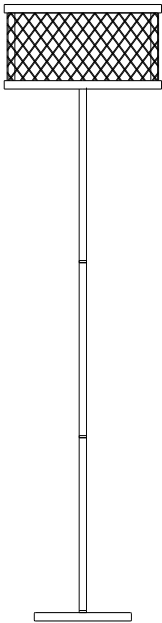

To clean the inside of the fixture, first disconnect power to the fixture by turning off the circuit breaker or by removing the fuse at the fuse box. Next, use a dry or slightly dampened clean cloth (use clean water, never a solvent) to wipe the interior surface of the fixture.

Do not use any cleaners with chemical, solvents or harsh abrasives. Use only a dry soft cloth to dust or wipe carefully.
