

INSTRUCTIONS AND CARE

Storage and Maintenance

INSTALLATION: Check your patio furniture to make sure there are no sharp objects or corners that could stress or snag your cushion.

CUSHION: To avoid the possibility of mildew, be sure your cushion is completely dry before you store it in an enclosed area for long periods of time.

CARE: Hand wash or machine wash in warm water (< 120°F)

Tumble dry in low

Do not iron

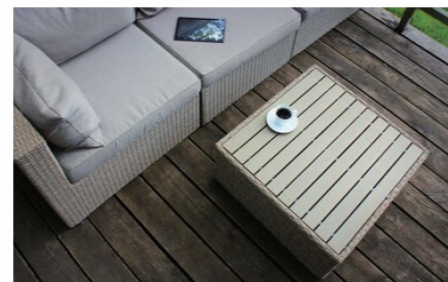

ABOUT US

Factory-based company with 30+ years of experience

We've grown into a company that focuses on helping our customers discover more time outdoors. To bringing you high quality cushions, outdoor furniture covers, hammocks, patio umbrellas, and more.

Our purpose

Established with the modern outdoor lovers in mind, our brand has excelled in creating high quality patio/ garden product that will add a beautiful pop of color to your backyard. Our high-end designers and world class engineers have come together to create the perfect outdoor goods that will turn your outdoor space into a fun relaxing place to spend your summer days.

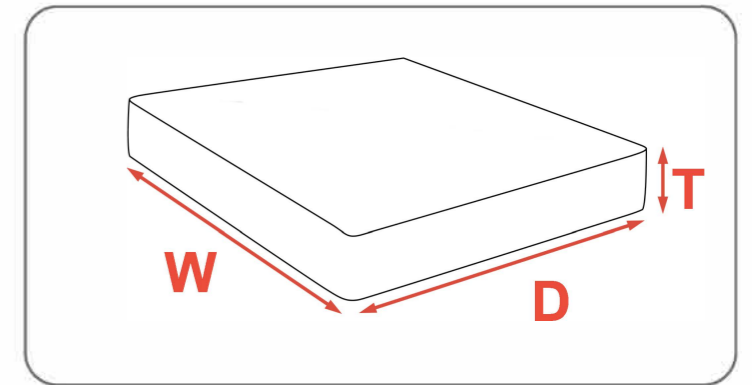

OUTDOOR CUSHIONS

Please contact us by Email. We would like to provide ONE-YEAR EXTENDED warranty for the fabric cushion cover.

IMPORTANT! ▶

It is important to make sure your cushions fit your furniture before opening the plastic package of the compressed cushion foam. **In fact, you can test if the cushion fit your furniture by placing the cushion cover on your furniture.** After making sure they are match, you can open the plastic packaging and install the foams into the cushion covers.

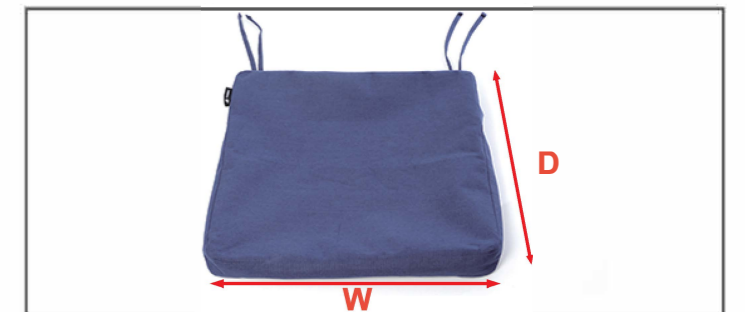

Size options: W17×D16×T2 Inch, W19×D19×T2 Inch.

Installation

1. Open the outer box without using sharp blades or scissors. There are 4 cushion covers and 2 compression bags. (Each bag contains 2 foams)

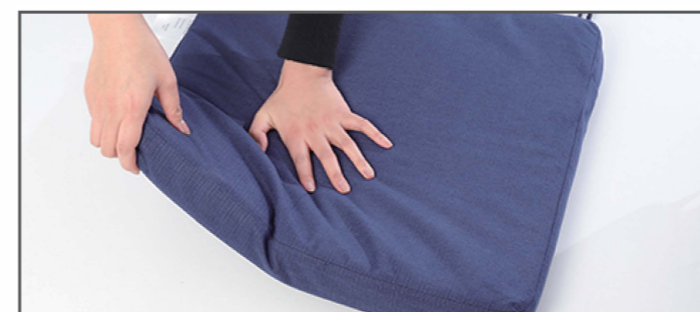

2. Take out the cushion cover folded. Put it on your furniture to make sure they are fit.

3. Tear open the compression wrap. Cushions will come out partially compressed. (May look different than in picture)

4. Stuff cushion foams into the cushion covers while still partially compressed. Install carefully to avoid ripping the cover fabric.

5. Cushion foam may need up to 24 hours to fully expand, readjust in cushion cover before and/or after if needed.

6. Assemble the cushions on the chairs. Adjust the length of the strap according to the structure of the furniture.
