x4

(D)- Wall Plug
x4

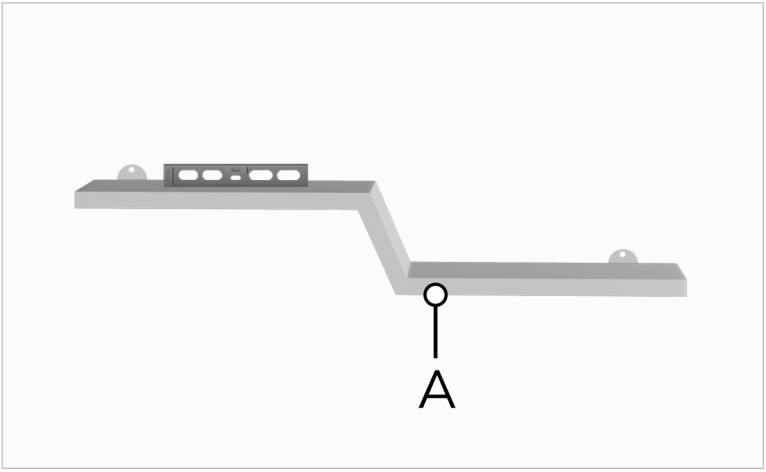

installation instructions

Take a deep breath going in. This is easy even if you are not used to tools. Just follow these steps to the T, and the outcome will be worth it!

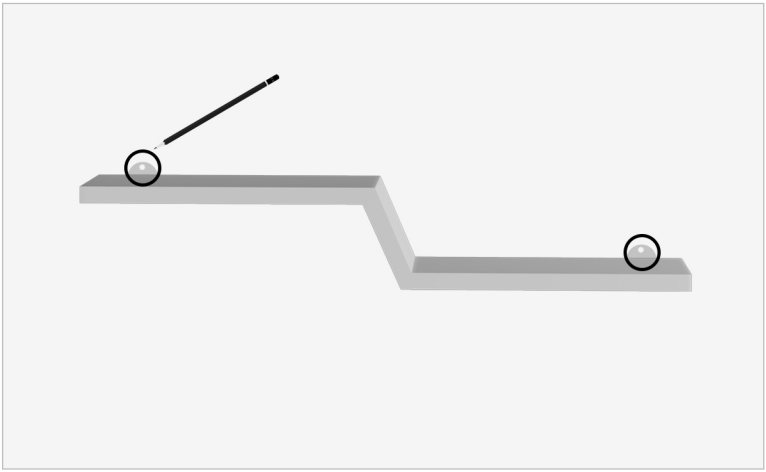

step 1:

Begin by placing shelf (A) on the wall and put a spirit level on it to check the alignment. Adjust if needed.

step 2:

Once the shelf is in a straight alignment, use a pencil to mark two points through the holes given in the D-bracket. Take this image as a reference.

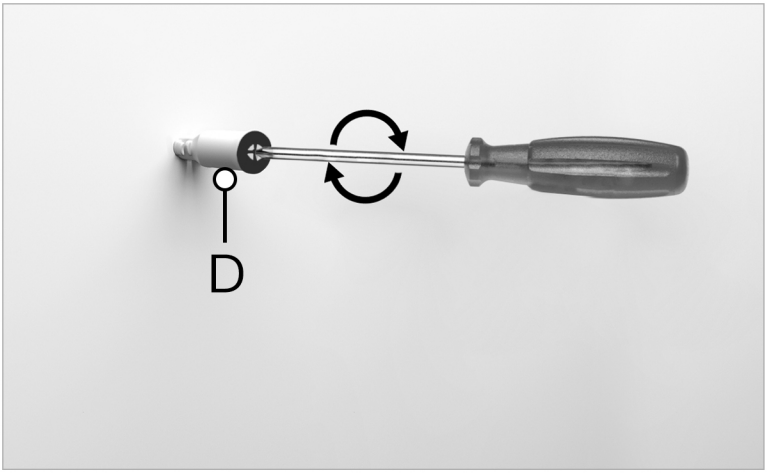

step 3:

Drill holes approx. 10 mm at the points you just marked

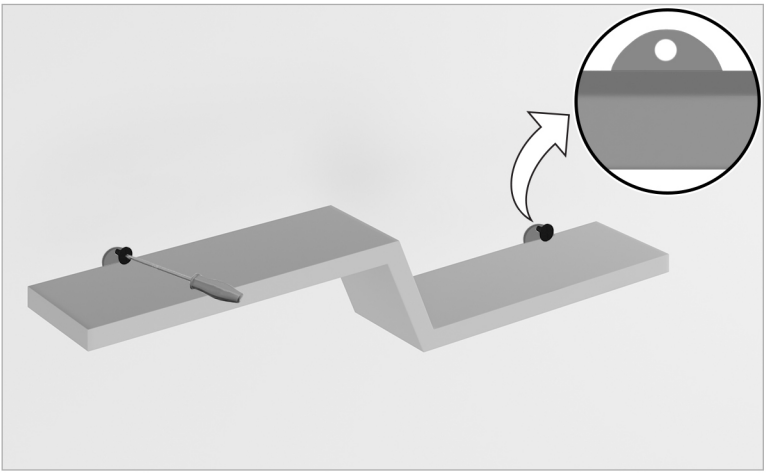

step 4:

Insert the wall plug (D) and tighten with the help of a screwdriver.

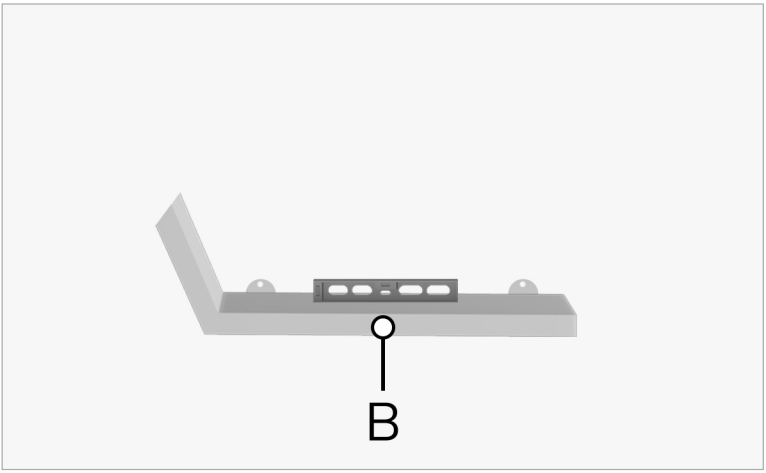

step 5:

place the shelf over the wall plugs and insert screws (C) into the wall plugs using a screwdriver.

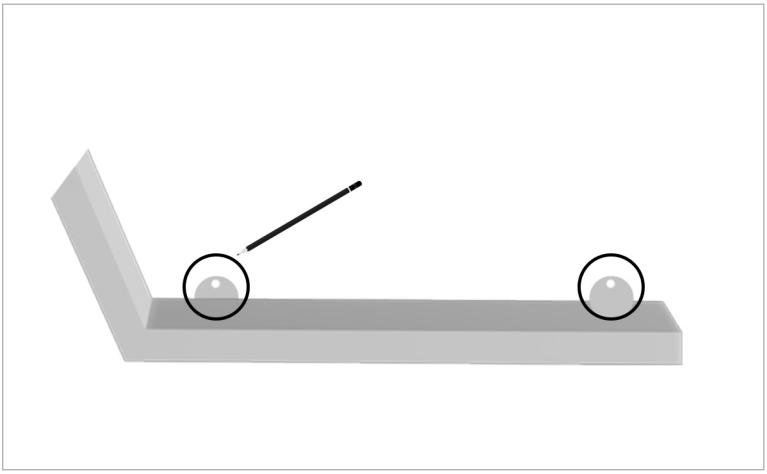

step 6:

Follow the same steps to install shelf (B). Place it on the wall where you want it and put a spirit level on it to check the alignment. Adjust if needed.

step 7:

Using the holes on D-brackets, mark the drilling points.

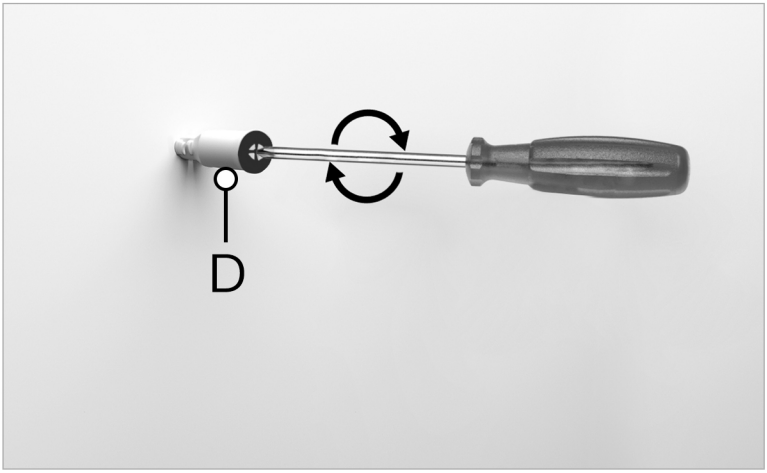

step 8:

Drill holes approx. 10 mm at the points you just marked

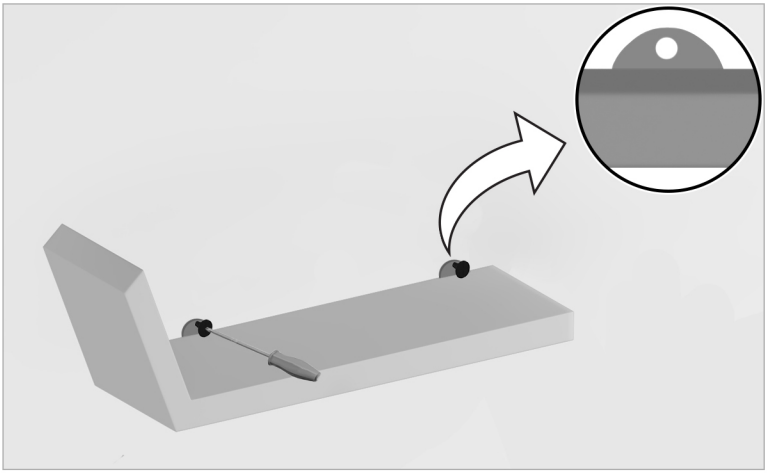

step 9:

Insert the wall plug (D) and tighten with the help of a screwdriver.

step 10:

place the shelf over the wall plugs and insert screws (C) into the wall plugs using a screwdriver.

Voila! Your shelf is now installed and secure!
