During installation

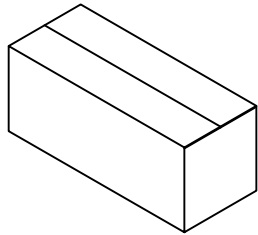

1. Please assemble on a soft surface, such as carpet, to protect the surface
2. After assembling the sofa, please let it rest for 48-72 hours to allow the foam to regain its fullness
3. During the resting period, gently tap the sofa to help the foam rebound
4. Do not pull on any sofa components, such as clips, during the settling period

Cleaning and Maintenance

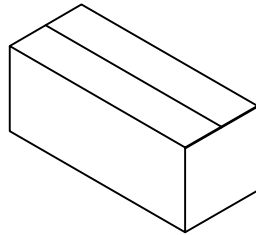

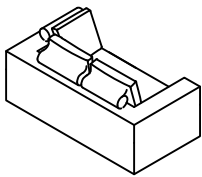

1. To protect the surface, avoid using chemicals and household cleaners
2. Please use a vacuum cleaner to remove surface dust
3. Use an ironing machine to smooth out surface wrinkles. Do not set the ironing temperature too high
