GENERAL ASSEMBLY GUIDELINES

Before your insallation, please make sure that you have all the parts listed on the manual. If you find something missing, stop installing and contact your supplier immediately.

LARMACE

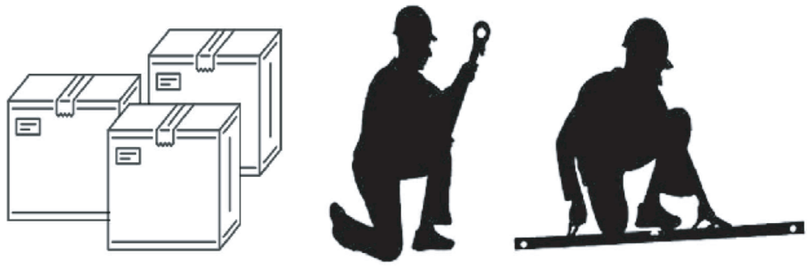

Tips:

●Don’t tighten the screws one after another immediately until all screws are lined up with holes. Leave some space for adjustment.

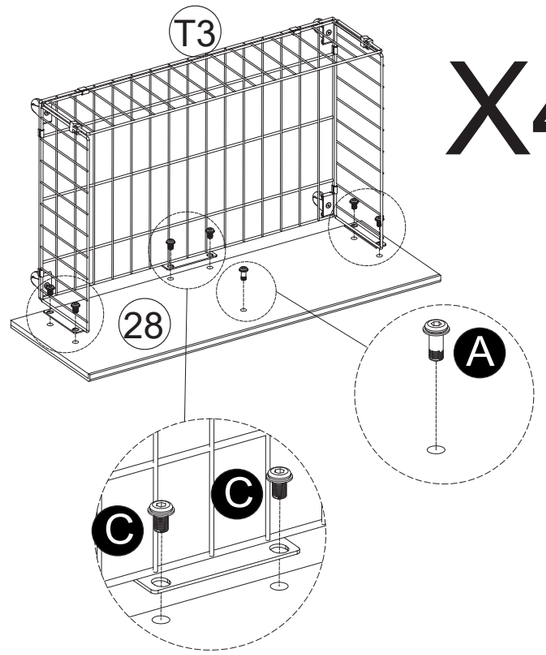

●Screws may be not lined up with the holes. However, if that happens, please loose the screws a little and then tighten them in a diagonal way again.

●If the product is uneven or unstable after assembly, please loosen the screws, and put strength on it to make sure that all the legs are at the same level. Go on assembling it .

●Remove all parts from the carton and place them on a protected surface or carpet.
