

Assembly Instructions

“Please check all parts and hardware against the list before assembly. If any parts are missing or damaged, please contact us immediately.”

Before Assembly

1. Assembly requires two or more people to complete.
2. Using power tools will make the installation finish faster.

Tips Before Your Start:

- Remove all wrapping material, including staples & packing straps before you start to assemble.
- DO NOT tighten all screws and bolts until the assembly is completely assembled.
- Keep all hardware parts out of reach of children.

QUICKFIT

Tighten quickfit until shoulder is flush with panel. Do not overtighten or undertighten.

CAM LOCK

When fitting a cam lock, ensure the starting position is correct before inserting the connecting QUI CKFIT

"Ensure the arrow on the Cam Lock (B) is pointing towards the hole for the Cam Lock Dowel (A) before inserting."

Turn cam lock clockwise to tighten.

Product structure

“Assemble on a soft surface, such as a carpet or the original packaging box, to avoid scratches to the panels.”

Anti-falling Parts

Preparatory steps for installing drawer slides;

please first locate and disassemble the drawer slide 'E' component for subsequent installation, Please follow the instructions below for disassembly.

How to separate the drawer slider:

Drawer Front Alignment

If the drawer front panel is NOT level after being assembled, then...

Loosen the screws on the left and right hand side, then adjust the drawer slide up or down, until the drawer fronts are even/level, then tighten the screws.

STEP 1

Please read the slide rail instructions on the previous page before installing the slide rail.
