THE SHERWIN-WILLIAMS COMPANY
101 W. Prospect Avenue
Cleveland, OH 44115

Mar 13, 2025

We confirm that the following Sherwin-Williams product:

T77FH221 - SHER-WOOD® Precat Lacquer ,35

does not contain greater than 90 ppm (0.009% by weight) of lead.

Lead content is based on a review of the current product formulation and relies on the information provided by our raw material supplier.

Sherwin-Williams assumes no liability for materials, such as reducers or additives, that are added to the Product by any party. The adulteration of the Product, or the addition of any materials to the Product, voids the statements made herein. Sherwin-Williams makes no warranties, express or implied, and assumes no liability, in connection with the statements made herein or any use of this information for any purpose whatsoever.
