

GRAYSON CENTERPIECE

ATE03  
Sparrow Reactive  
H: 9 IN  
W: 16.5 IN  
D: 13.5 IN

Hollowed for lightness, this swooping form of our open bowl draws the eye with its architectural lines. Glazed in our new sparrow reactive finish with a gunmetal reactive interior, this porcelain centerpiece features subtle oxblood tones on each seam to highlight the wave-like shape. Finish will vary.

CONTRACT: Suitable As Is
