

17506

6" Eyeball Trim

Product Description

This adjustable eyeball trim is quite versatile as it can be used for general, task and accent lighting or for wall washing applications. These trims allow a lamp to float in the housing so the lamp can be directed to a specific place in the room. One benefit to using adjustable trims is that the housing can be installed off center letting the trim compensate for the housing's position while still accomplishing the desired lighting effect. Use with NICOR's 17002A, 17010AEBM2642, 17017AEB26 or 17024A27 housings.

Maximum Lamp Rating

75W | BR30/PAR30

Dimensions

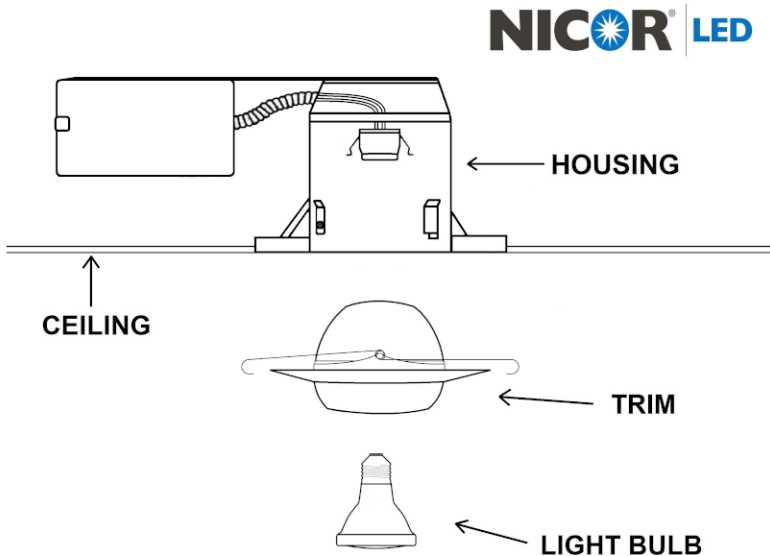

Trim width: 8in

Lamp opening: 4in

Height: 4in
