ASSEMBLY

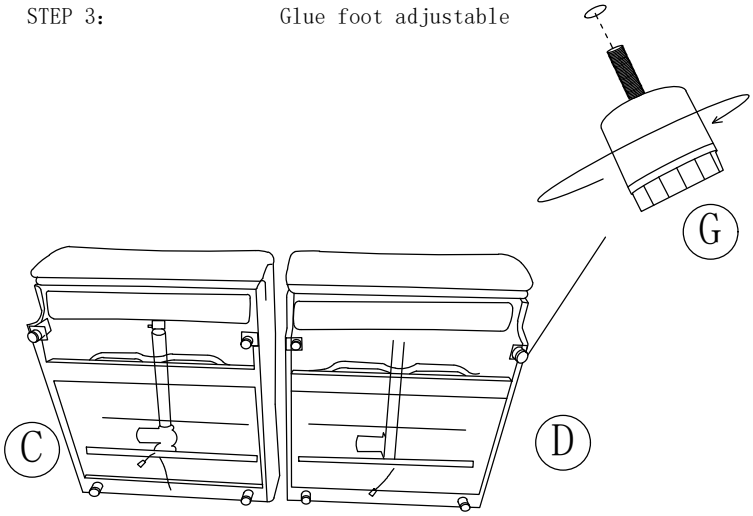

STEP 1

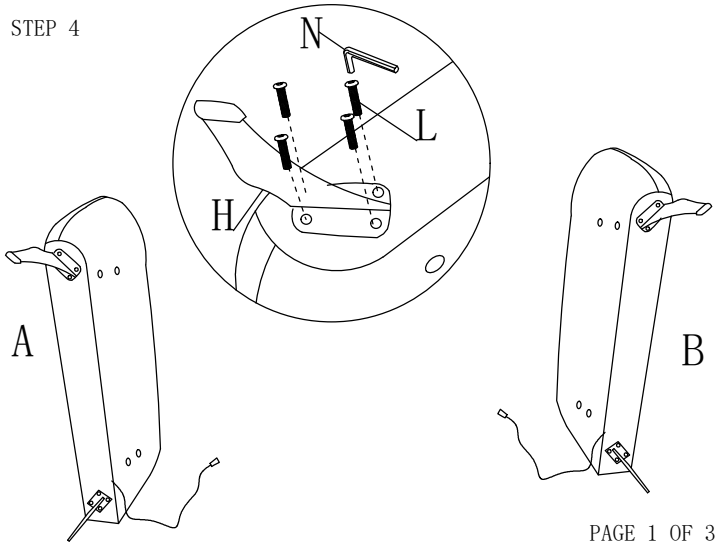

STEP 2

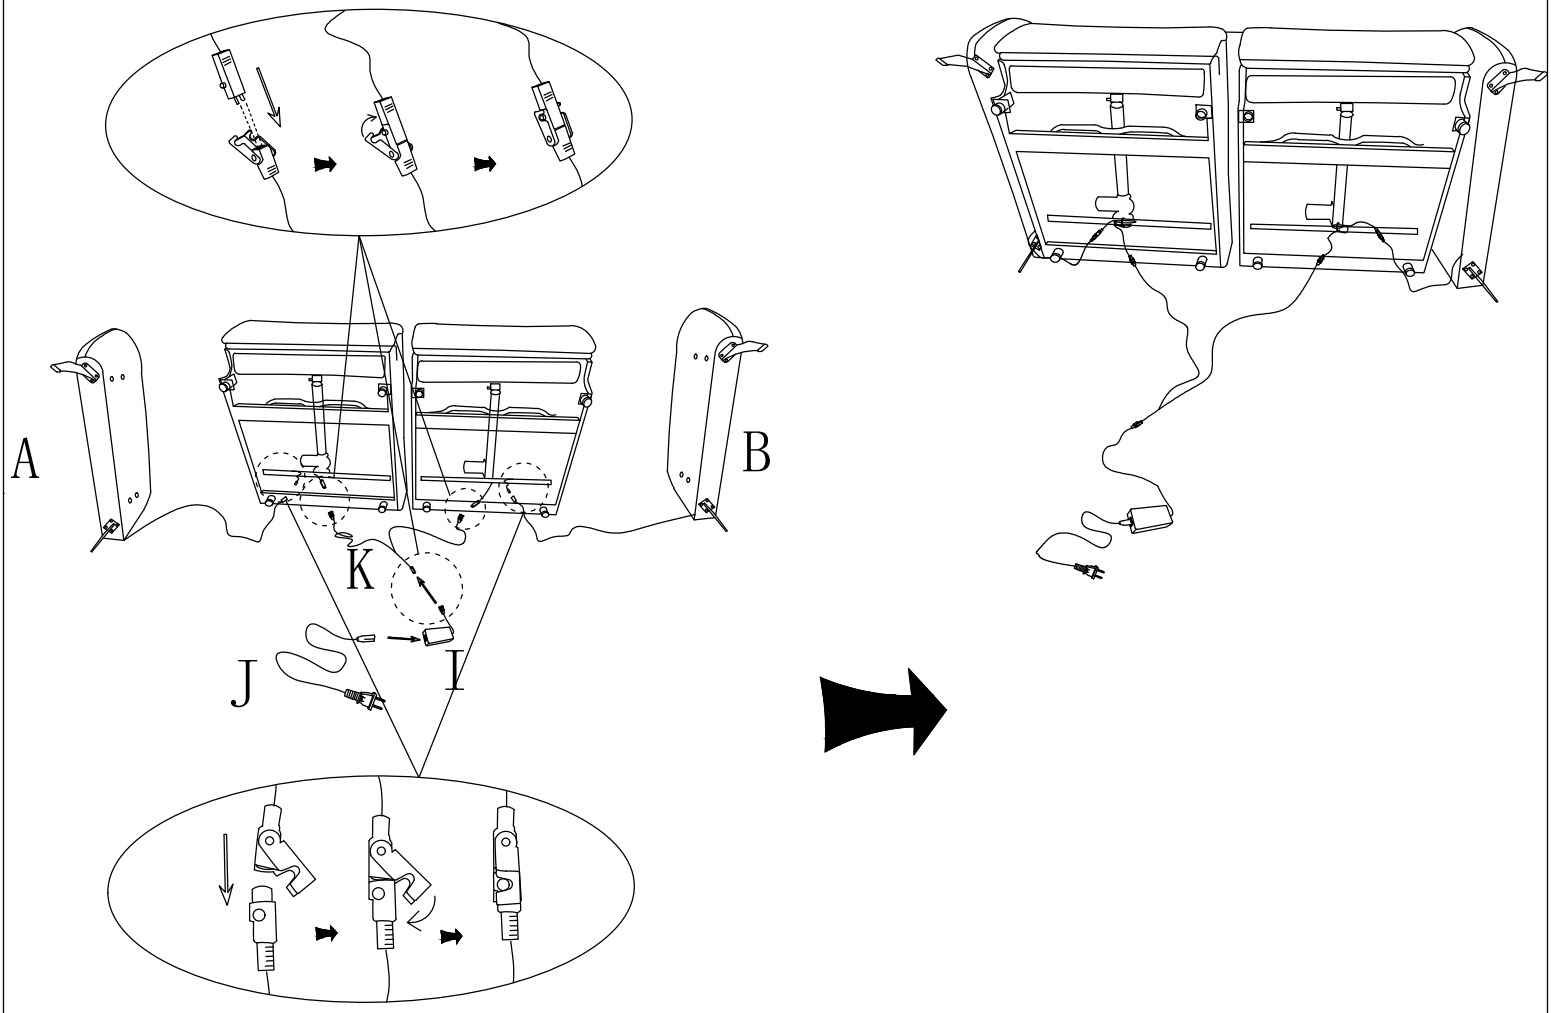

STEP 3: Glue foot adjustable

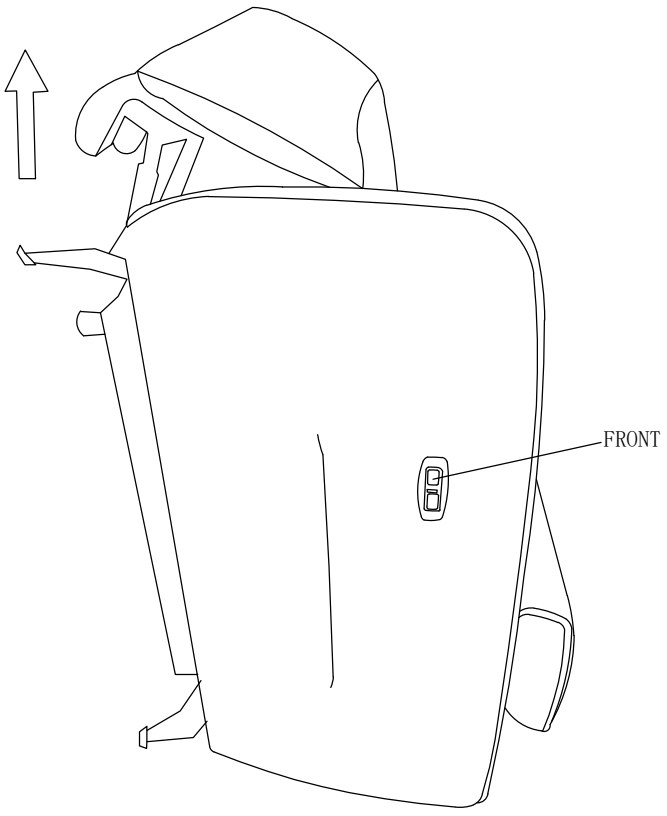

STEP 4

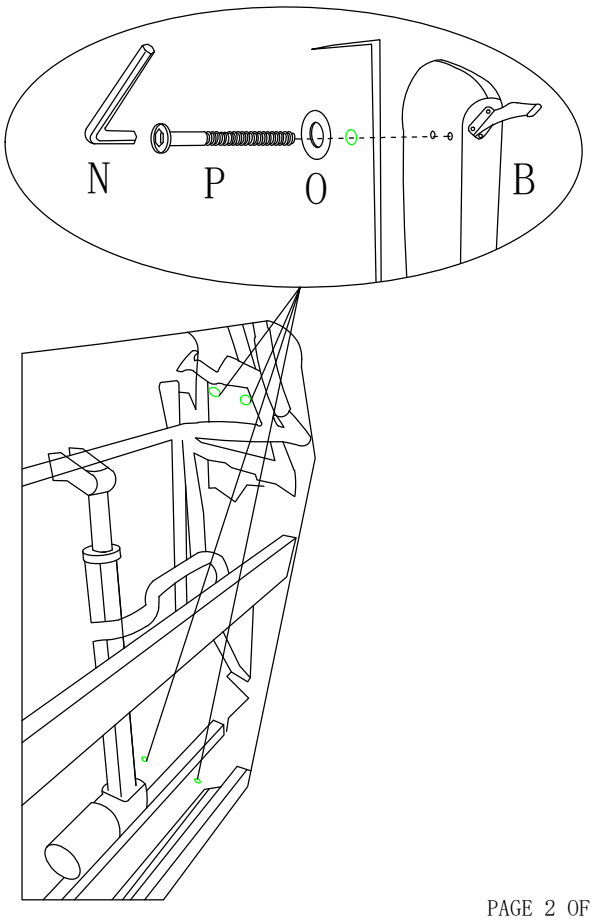

STEP 5

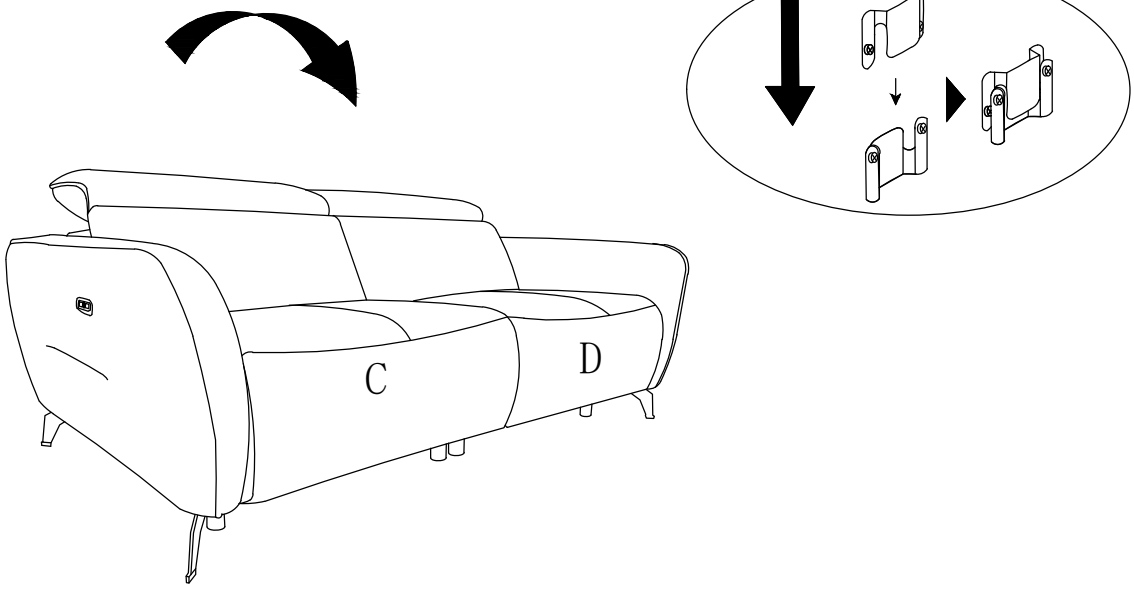

STEP 6. First, lay a cushion on the ground and lay the sofa on the cushion with the back facing down. Connect the power and press the button on the armrest side to open the iron frame of the sofa in half. The angle between the front plate and the front seat is about 45 degrees.

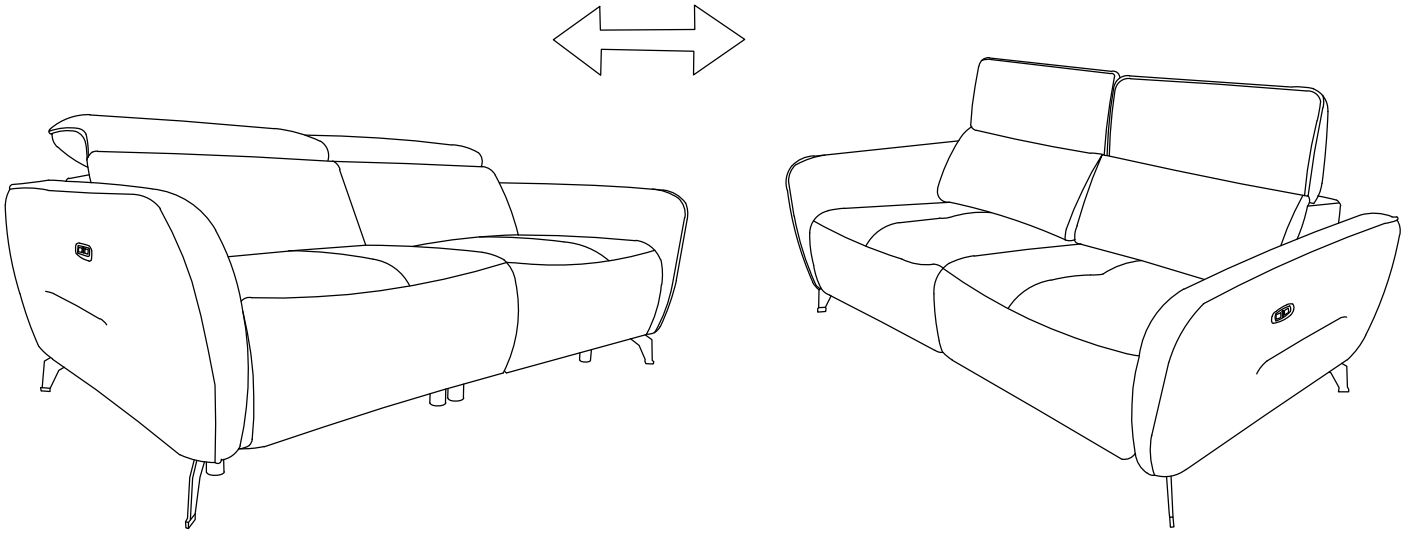

STEP 7. Screw through the clip and the bracket splint, lock into the embedded hole in the handrail, tighten clockwise.

STEP 8
