

User's Manual

Product Introduction:

Thank you for purchasing our led high bay light, which is with imported high-brightness led chip, with unique high purity die-cast aluminum heat sink, and high efficiency constant current or constant voltage driver. Ideal product for the factories, Stadiums, gas stations, train stations, and similar applications

Product Features:

- ☆ The material of heat sink is high thermal conductivity die-cast aluminum, good for heat dissipation and the surface anti-static.
- ☆ The unique design of housing help to speed up the heat dissipation, further ensuring the life of the fixture, the integrated design of appearance makes the fixture looks elegant.
- ☆ This fixture is waterproof, dustproof, anticorrosive

Packing including:

1. 1pc LED high bay light with 5ft cable with 3-prong plug.
2. 1pc product user manual.
3. 1pc safety rope.
4. 1pc hook ring

Warning:

1. Please read the manual carefully before installation.
2. Please authorize only qualified person or professional engineer to install the fixture.
3. Before installation, please check if the local voltage range is correspond with the working voltage of the fixture.
4. This UFO high bay within the input voltage range: 100-270VAC, 60Hz.
5. Please keep the fixture out of fire, electric shock, vibration.
6. To avoid fire, electric, shock.
7. Do not handle any energized fixture or attempt to energize any fixture with wet hand or while standing on a wet or damp surface or in water.
