

# 3-IN-1 COMPACT HEPA AIR PURIFIER

MODEL NO: PM 501

## INSTRUCTION MANUAL

## SAFETY INSTRUCTIONS

---

- Read all instructions before using appliance.
- **IMPORTANT** - This appliance has a polarized plug (one blade is wider than the other). To reduce the risk of electric shock, this plug is intended to fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Do not attempt to defeat this safety feature.
- To avoid fire or shock hazard, plug the appliance directly into a right DC electrical outlet.
- Keep the cord out of heavy traffic areas. To avoid fire hazard, NEVER put the cord under rugs, near heat registers, radiator, stoves or heaters.
- To protect against electrical hazards, DO NOT immerse in water or other liquids. Do not use near water.
- Children cannot recognize the hazards associated with the usage of electrical appliances. For this reason, always supervise children when they are near the unit.
- Always unplug the air purifier before moving it, opening the grill, changing filters, cleaning or whenever the air purifier is not in use. Be sure to pull by the plug and not the cord.
- NEVER drop or insert any object into any openings.
- DO NOT run cord under carpeting.
- DO NOT cover cord with throw rugs, runners, or similar coverings.
- DO NOT route cord under furniture or appliances. Arrange cord away from traffic area and where it will not be tripped over.
- DO NOT operate any appliance with a damaged cord or plug, if motor fan fails to rotate, after the appliance malfunctions, or if it has been dropped or damaged in any manner. Send to Customer Service for assistance.
- Use appliance only for intended household use as described in this manual. Any other use not recommended by the manufacturer may cause fire, electric shock or injury to persons.
- DO NOT use outdoors.
- DO NOT place anything on top of unit.
- NEVER block the air openings, grills/outlets or place on a soft surface such as a bed or sofa, as this could cause the unit to tip over, blocking the air intake or outtake opening.
- DO NOT attempt to repair or adjust any electrical or mechanical functions on this unit. Doing so will void your warranty. The inside of the unit contains no user serviceable parts. All servicing should be performed by qualified personnel only.

**WARNING:** To reduce the risk of fire or electric shock, do not use this fan with any solid-state speed control device.

## HOW IT WORKS

Improve your indoor air quality with your new PureMate Air Cleaning System. Multiple levels of cleaning include a combination True HEPA filter that captures allergens, and Carbon filter to help remove reduce toxic fumes and odours.

### **Pre-Filter:**

Captures initial dust, allergen and large particles (human hair and pet dander) to extend the life of air purifier filters

### **Carbon Filter\* (aka Activated Carbon)**

Carbon contributes to the control and prevention of the growth of bacteria, germs, mould and helps reduce toxic fumes and odours.

### **HEPA Treatment Filter**

Captures 99.97% of dust and allergens.

### **BEFORE OPERATING THE AIR PURIFIER:**

1. Carefully remove your air purifier from box and plastic bag.
2. Select a firm, level and flat location for the air purifier.
  - \*For proper air flow, locate the unit at least 1 foot from any wall or furniture.
  - \*Make sure none of the grills are blocked.
3. Plug the power cord into a right voltage AC outlet.
