STEP 1

Flip the chair onto a clean surface, unzip the bottom cover, and take out both wings (C & D).

STEP 2

Attach the front legs (E) and rear legs (F) to the seat frame (B) with bolts (G), then tighten them fully with the Allen key (H).

STEP 3

Place the backrest (A) between the two armrests, align the metal connectors on the lower sides of the backrest with those on the inner sides of the armrests, then press firmly on the top of the backrest until the connectors are fully inserted. If a gap remains, press down on the backrest, or place a book or wooden block on each side and tap gently with a hammer to lock the connectors in place.

STEP 4

Align the metal connectors on the inner side of each wing (D) with the connectors on the upper sides of the backrest (A), then press each wing horizontally toward the backrest while pressing down on its top until the connectors fully insert into place.

STEP 5

Slide the connector on the right wing (C) into the slot on the backrest (A) as shown, while pressing down on the top of the wing until it is fully assembled.

STEP 6

Please note: the legs of the chair can be adjusted by twisting the leveler on the tip of the legs as shown, it can help you use this chair on ground that is not flat, please check before you use the chair.

STEP 7

Place the chair properly and tidy it up to make it look nice.
Assembly is complete. Thank you for choosing our product!
Please enjoy!
