## 1. Product Safety

The carpet is designed with user safety and comfort in mind. It complies with all applicable safety standards for home interior furnishings.

## 2. Intended Use

The carpet is intended for indoor residential use, including bedrooms, living rooms, hallways, and other interior spaces. It is suitable for hard surfaces such as wood, laminate, tiles, and other types of flooring.

## 3. Usage Warnings

- **No age restrictions:** The product carries no age-related warnings or restrictions. It is safe for use by both children and adults.
- **Care recommendations:** Regular vacuuming and cleaning, in accordance with the manufacturer's guidelines, help maintain the carpet in good condition and extend its lifespan.

## 4. Safety Warnings

- **Keep away from fire:** The carpet is not flame-resistant. Avoid placing it near open flames, fireplaces, or heat sources.
- **Do not use on slippery, unprepared surfaces:** It is recommended to use a non-slip rug pad underneath the carpet to prevent sliding on smooth floors.
- **Avoid excessive moisture:** The product is not intended for use in high-humidity areas.

## 5. Use and Handling

- The product is entirely safe when used as intended.
- If storage is required, keep the carpet in a dry place, away from moisture and direct sunlight.

## 6. Installation Instructions

No special installation is required. Simply unroll the carpet on the chosen surface. For larger carpets, gradual unrolling is recommended to avoid creasing.
