

Unzip and peel back the outer bag. Remove the plastic cover to allow the foam to expand for about 30 minutes before putting on the outer cover.

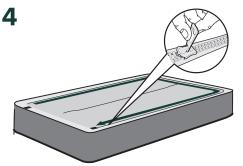

With the zipper on the exterior cover facing up, place one half of the foam in the smaller zipper-guarded compartment of the cover and zip it up.

3

Place the second piece of foam in the other half of the exterior cover.

Use the zipper on the outer cover to seal the entire unit together. Allow up to 48 hours for the foam to completely recover to its intended height.
