

FD-650DC

DC BRUSHLESS DRUM FAN

Perfect Candidate for Ventilation/Cooling

XPOWER's new FD-650DC Drum Fan is a perfect candidate for your ventilation needs in warehouse, barn, garage, or work-shop settings. A variable speed control allows you to set the airflow necessary for your application. A durable rack equipped with easy to roll wheels maximize portability while offering a wide range of operating positions. The FD-650DC is ready for your ventilating/cooling needs no matter how large or small the task.

Energy Saving Brushless DC Motor Technology

The energy conserving FD-650DC features a sealed brushless 1/2 HP DC Motor that draws a mere 1.8 Amps in the high setting. Rated at 9,500 CFM, continuous ventilating/cooling can be maximized efficiently

- 24" Drum Fan / Barrel Fan
- 1/2 HP Brushless DC Motor
- Only drawing a maximum of 1.8 Amps
- Variable speed control
- Rated at 9,500 CFM
- Portable and easy to roll
- Wide range of operating positions
- Rugged steel housing and fan blades
