

Assembly and Installation

Organize your parts. You will need a phillips head screw driver, pencil and measuring tape, drill(optional).

Two people are required for assembly.

Parts & Hardware: (Depending on the product, PART C will be 4 Glides OR 4 Casters)

A: Table Top • **B:** T-base Leg(2) • **C:** Glides/Casters(4) • **D:** Screw(16)

Step 1: Screw 2 Glides/Casters (C) into each T-base Leg (B).

Step 3: Prepare your Template (INCLUDED) by taping both template pages to one another on the dashed line.

EXAMPLE

Step 2: On a clean flat surface, place desired finish of Table Top(A) **face down**.

STEP 4a: Follow the Assembled Template for Leg Placement. The template for attaching the legs should be aligned as shown below.

NOTE: Edges of template align with edges of table.

STEP 4b: When T-base Leg is aligned with the template, Mark the four holes on Table top(A).

Step 5: Attach the T-base Leg(B) to the Table Top(A) using 8 Screws(D) per Leg.

IMPORTANT NOTICE

Place all wooden parts on a clean and smooth surface such as a rug or carpet to avoid the parts from being scratched.

Check to be sure that you have a ll parts and hardware.

Remove all wrapping materials, including staples & packing straps before you start to assemble.

Do not tighten all screws/bolts until completely assembled.

Keep all hardware parts out of reach of children.
