BULBS**

(THOSE BULBS ARE NOT INCLUDED)

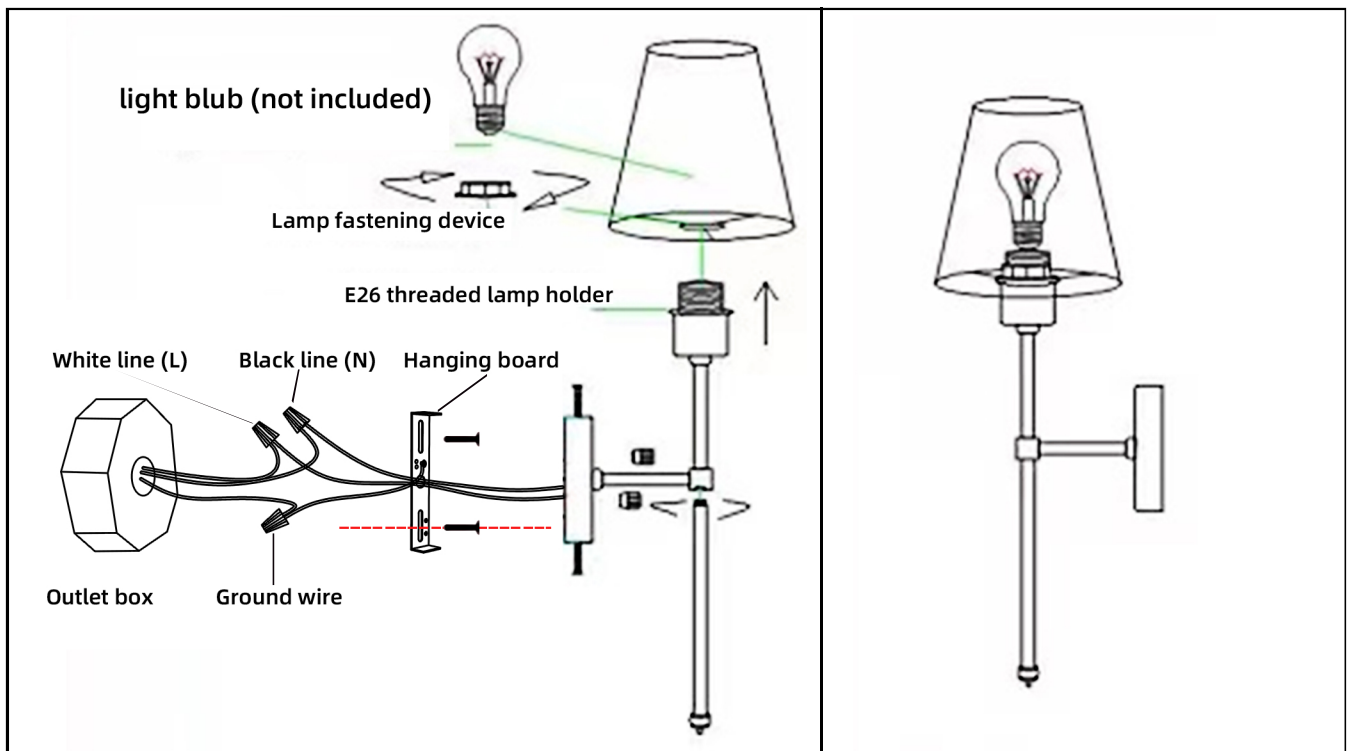

# ASSEMBLY AND INSTALLATION INSTRUCTIONS

Model:

**WARNING: TO AVOID RISK OF ELECTRICAL SHOCK, BE SURE TO SHUT OFF POWER WHILE INSTALLING OR SERVICING THIS FIXTURE**

NOTES: 1. Before installing, consult local electrical codes for wiring and grounding requirements.  
2. READ AND SAVE THESE INSTRUCTIONS.

## Assembly and installation:

1. Feed the cable through the center hole of the mounting plate cover.
2. Insert the screws through the holes in the mounting plate cover.
3. Secure the mounting plate cover to the junction box with screws (screws are Comes with outlet box.)
4. Connect the power cord to the light fixture cord using the connector provided
  - Earth to green/yellow.
  - White (neutral) to off-white.
  - Black(Live) Turns black.
5. Secure the mounting plate to the mounting plate cover with two screws  
Cover nut.
6. Remove the snap ring from the threaded lamp cap, fix the lampshade on the threaded lamp cap with the snap ring, install the bulb (not included)
7. Restore power and your lights will work normally.  
Turn on the power at fuse or circuit box.
